Introduction to Ecclesiastes

Part 1: General Introduction

Outline of the Book of Ecclesiastes

1. The author questions the nature of life and the limits of human wisdom (1:1–6:12)
2. The author teaches about making wise choices in how one lives (7:1–12:7)
3. The conclusion and ending (12:8–14)

What is the Book of Ecclesiastes about?

Ecclesiastes is a group of short teachings that try to answer questions such as "What do people gain from all their labor?" Ecclesiastes is a series of thoughts about a variety of subjects, all of them about the purpose and worth of various actions and events. The author concludes that all the work we perform and all the knowledge and skill we gain is like a vapor that disappears, and that we must fear Yahweh and keep his commandments.

How should the title of this book be translated?

The traditional title for this book is “Ecclesiastes.” Its meaning is similar to “religious assembly.” Translators might decide on a title that better describes the content of the book, such as “Words of a Teacher” or “Teachings of a Wise Man.”

Who wrote the Book of Ecclesiastes?

The author appears to be Solomon, “the Teacher, the descendant of David and king in Jerusalem.” This is consistent with what Solomon was known for: * his wisdom (Ecclesiastes 1:16 and twenty-six other references to wisdom); * his vast wealth (Ecclesiastes 2:8), and the pain that comes from wealth (Ecclesiastes 5:13-14; Ecclesiastes 4:8; and Ecclesiastes 9:11); * his large number of servants (Ecclesiastes 2:7 and Ecclesiastes 10:7); * his limitless opportunities for worldly pleasures (Ecclesiastes 2:1-2, Ecclesiastes 10; Ecclesiastes 3:13; Ecclesiastes 4:8; Ecclesiastes 5:4; and Ecclesiastes 12:1); and * the wide range of his many building projects (Ecclesiastes 2:4-6).

Solomon appears to have written the Book of Ecclesiastes near the end of his life, as he reflected on what he gained from all that he did.

Why are there so many apparent contradictions in the Book of Ecclesiastes?

Some scholars think the author was a faithful man. Other scholars think that the author made bad decisions and was sorrowful when he wrote this book. Apparent contradictions in the book may indicate that Solomon's faith was sometimes weak. Or, it is also possible that the teachings in the book differ from each other in order to relate to different things happening in the lives of readers.

Part 2: Important Religious and Cultural Concepts

What does this book teach about how God repays people?

In the ancient Near East, people were concerned with why they were being punished or blessed. They often connected these things to their gods. The writer of Ecclesiastes explains that Yahweh will bless and reward people for the right things they do and punish people for the evil things they do. But this might not happen in this life. (See: bless, blessed, blessing, just, justice, unjust, injustice, justify, justification, god, false god, goddess, idol, idolater, idolatrous, idolatry and righteous, righteousness, unrighteous, unrighteousness, upright, uprightness and evil, wicked, unpleasant)
What value did the Israelites place on the Book of Ecclesiastes?

The Israelites have often questioned the value of this book. This is due in large part to its unusual wording and teachings. At times, it appears to disagree with the rest of Scripture. While many have questioned its authority, it has been affirmed to be Scripture. It gives valuable lessons concerning the uselessness of pursuing any goal other than to give Yahweh glory.

Part 3: Important Translation Issues

What is the meaning of “under the sun?”

“Under the sun” here is another way of saying “on the earth.” When the author says that there is “nothing new under the sun,” this means that every kind of thing has already happened before on the earth. While a particular event may not have specifically occurred before, something similar has already occurred.

How do I translate harsh or shocking passages?

Parts of the Book of Ecclesiastes can be shocking or surprising to read in Scripture. For example, “If a man fathers a hundred children and lives many years, so that the days of his years are many, but if his heart is not satisfied with good and he is not buried with honor, then I say that a baby that is born dead is better off than he is” (6:3). The translator should allow these difficulties to remain and not try to make them less surprising.

How is life described in the Book of Ecclesiastes?

The author of Ecclesiastes concludes that everything in this life quickly passes away, like a vapor that disappears. A person's circumstances or character and even all of the things of this world have little or no significance apart from God. That is because God gives meaning to everything.

At the end of their life, people often say that the years of their life seemed short. The author of Ecclesiastes used the metaphor of vapor or breath to describe how life ends while it seems to be just beginning.

Ecclesiastes 1 General Notes

Structure and formatting

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetry in 1:2-11 and 15.

Other possible translation difficulties in this chapter

Tone

The tone of this chapter is sad, or depressing. The author believes that everything in life is pointless. The metaphors in this chapter all describe the idea that nothing ever changes. This is also known as “fatalism.” (See: Assumed Knowledge and Implicit Information and Metaphor)

Other possible translation difficulties in this chapter

8:9 [2] Some modern versions have to his own hurt. The Hebrew passage can be interpreted either way.

8:10 [3] Some modern versions have other interpretations of this difficult verse: I saw wicked people come and go into the holy place. They proudly spoke in the city about the things they had done. Abstract Nouns

Abstract nouns are nouns that refer to attitudes, qualities, events, or situations. These are things that cannot be seen or touched in a physical sense, such as happiness, weight, unity, friendship, health, and reason. This is a translation issue because some languages may express a certain idea with an abstract noun, while others would need a different way to express it.

Description

Remember that nouns are words that refer to a person, place, thing, or idea. Abstract Nouns are the nouns that refer to ideas. These can be attitudes, qualities, events, situations, or even relationships among these ideas. These are things that cannot be seen or touched in a physical sense, such as joy, peace, creation, goodness, contentment, justice, truth, freedom, vengeance, slowness, length, weight, and many, many more.

Some languages, such as Biblical Greek and English, use abstract nouns a lot. It is a way of giving names to actions or qualities so that people who speak these languages can talk about them as though they were things. For example, in languages that use abstract nouns, people can say, “I believe in the forgiveness of sin.” But some languages do not use abstract nouns very much. In these languages, they may not have the two abstract nouns “forgiveness” and “sin,” but they would express the same meaning in other ways. They would say, for example, “I believe that God is willing to forgive people after they have sinned,” using verb phrases instead of nouns for those ideas.

Reason this is a translation issue

The Bible that you translate from may use abstract nouns to express certain ideas. Your language might not use abstract nouns for some of those ideas; instead, it might use phrases to express those ideas. Those phrases will use other kinds of words such as adjectives, verbs, or adverbs to express the meaning of the abstract noun. For example, “What is its weight?” could be expressed as “How much does it weigh?” or “How heavy is it?”

Examples from the Bible

...from *childhood* you have known the sacred writings... (2 Timothy 3:15 ULT)

The abstract noun “childhood” refers to when someone is a child.

But godliness with contentment is great gain. (1 Timothy 6:6 ULT)

The abstract nouns “godliness” and “contentment” refer to being godly and content. The abstract noun “gain” refers to something that benefits or helps someone.

Today salvation has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

The abstract noun “salvation” here refers to being saved.

The Lord does not move slowly concerning his promises, as some consider slowness to be (2 Peter 3:9 ULT)

The abstract noun “slowness” refers how slowly something is done.

He will bring to light the hidden things of darkness and reveal the purposes of the heart. (1 Corinthians 4:5 ULT)

The abstract noun “purposes” refers to the things that people want to do and the reasons they want to do them.
Translation Strategies

If an abstract noun would be natural and give the right meaning in your language, consider using it. If not, here is another option:

1. Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun.

Examples of Translation Strategies Applied

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun.

...from childhood
you have known the sacred writings... (2 Timothy 3:15 ULT)

Ever since you were a child you have known the sacred writings.

But godliness
with contentment is great gain. (1 Timothy 6:6 ULT)

But being godly and content is very beneficial.
But we benefit greatly when we are godly and content.
But we benefit greatly when we honor and obey God and when we are happy with what we have.

Today salvation
has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

Today the people in this house have been saved...
Today God has saved the people in this house...

The Lord does not move slowly concerning his promises, as some consider slowness
to be. (2 Peter 3:9 ULT)

The Lord does not move slowly concerning his promises, as some consider moving slowly to be.

He will bring to light the hidden things of darkness and reveal the purposes
of the heart. (1 Corinthians 4:5 ULT)

He will bring to light the hidden things of darkness and reveal the things that people want to do and the reasons that they want to do them.

Active or Passive

Some languages use both active and passive sentences. In active sentences, the subject does the action. In passive sentences, the subject is the one that receives the action. Here are some examples with their subjects underlined:

- **ACTIVE**: My father built the house in 2010.
- **PASSIVE**: The house was built in 2010.

Translators whose languages do not use passive sentences will need to know how they can translate passive sentences that they find in the Bible. Other translators will need to decide when to use a passive sentence and when to use the active form.

Description

Some languages have both active and passive forms of sentences.

- In the **ACTIVE** form, the subject does the action and is always mentioned.
- In the **PASSIVE** form, the action is done to the subject, and the one who does the action is not always mentioned.

In the examples of active and passive sentences below, we have underlined the subject.

- **ACTIVE**: My father built the house in 2010.
- **PASSIVE**: The house was built by my father in 2010.
- **PASSIVE**: The house was built in 2010. (This does not tell who did the action.)

Reasons this is a translation issue

All languages use active forms. Some languages use passive forms, and some do not. Some languages use passive forms only for certain purposes, and the passive form is not used for the same purposes in all of the languages that use it.

Purposes for the passive

- The speaker is talking about the person or thing the action was done to, not about the person who did the action.
- The speaker does not want to tell who did the action.
- The speaker does not know who did the action.

Translation Principles Regarding the Passive

- Translators whose language does not use passive forms will need to find another way to express the idea.
- Translators whose language has passive forms will need to understand why the passive is used in a particular sentence in the Bible and decide whether or not to use a passive form for that purpose in his translation of the sentence.

Examples from the Bible

And their shooters shot at your soldiers from off the wall, and some of the king’s servants were killed, and your servant Uriah the Hittite was killed, too. (2 Samuel 11:24 ULT)
This means that the enemy’s shooters shot and killed some of the king’s servants, including Uriah. The point is what happened to the king’s servants and Uriah, not who shot them. The purpose of the passive form here is to keep the focus on the king’s servants and Uriah.

In the morning when the men of the town got up, the altar of Baal was broken down... (Judges 6:28 ULT)

The men of the town saw what had happened to the altar of Baal, but they did not know who broke it down. The purpose of the passive form here is to communicate this event from the perspective of the men of the town.

It would be better for him if a millstone were put around his neck and he were thrown into the sea. (Luke 17:2 ULT)

This describes a situation in which a person ends up in the sea with a millstone around his neck. The purpose of the passive form here is to keep the focus on what happens to this person. Who does these things to the person is not important.

Translation Strategies

If your language would use a passive form for the same purpose as in the passage that you are translating, then use a passive form. If you decide that it is better to translate without a passive form, here are some strategies that you might consider.

1. Use the same verb in an active sentence and tell who or what did the action. If you do this, try to keep the focus on the person receiving the action.
2. Use the same verb in an active sentence, and do not tell who or what did the action. Instead, use a generic expression like “they” or “people” or “someone.”
3. Use a different verb.

Examples of Translation Strategies Applied

(1) Use the same verb in an active sentence and tell who did the action. If you do this, try to keep the focus on the person receiving the action.

A loaf of bread was given him every day from the street of the bakers. (Jeremiah 37:21 ULT)

The king’s servants gave Jeremiah a loaf of bread every day from the street of the bakers.

(2) Use the same verb in an active sentence, and do not tell who did the action. Instead, use a generic expression like “they” or “people” or “someone.”

It would be better for him if a millstone were put around his neck and he were thrown into the sea. (Luke 17:2 ULT)

It would be better for him if they were to put a millstone around his neck and throw him into the sea.

It would be better for him if someone were to put a heavy stone around his neck and throw him into the sea.

(3) Use a different verb in an active sentence.

A loaf of bread was given him every day from the street of the bakers. (Jeremiah 37:21 ULT)

He received a loaf of bread every day from the street of the bakers.

Apostrophe

Definition

An apostrophe is a figure of speech in which a speaker turns his attention away from his listeners and speaks to someone or something that he knows cannot hear him.

Description

He does this to tell his listeners his message or feelings about that person or thing in a very strong way.

Reason this is a translation issue

Many languages do not use apostrophe, and readers could be confused by it. They may wonder who the speaker is talking to, or think that the speaker is crazy to talk to things or people who cannot hear.

Examples from the Bible

Mountains of Gilboa, let there not be dew or rain on you (2 Samuel 1:21 ULT)

King Saul was killed on Mount Gilboa, and David sang a sad song about it. By telling these mountains that he wanted them to have no dew or rain, he showed how sad he was.

Jerusalem, Jerusalem, who kills the prophets and stones those sent to you. (Luke 13:34 ULT)

Jesus was expressing his feelings for the people of Jerusalem in front of his disciples and a group of Pharisees. By speaking directly to Jerusalem as though its people could hear him, Jesus showed how deeply he cared about them.

He cried against the altar by the word of Yahweh: “Altar, altar! This is what Yahweh says, ‘See, ...on you they will burn human bones.’” (1 Kings 13:2 ULT)

The man of God spoke as if the altar could hear him, but he really wanted the king, who was standing there, to hear him.

Translation Strategies

If apostrophe would be natural and give the right meaning in your language, consider using it. But if this way of speaking would be confusing to your people, let the speaker continue speaking to the people that are listening to him as he tells them his message or feelings about the people or thing that cannot hear him. See the example below.

Examples of Translation Strategies Applied

He cried against the altar by the word of Yahweh: “Altar, altar! This is what Yahweh says, ‘See, ...on you they will burn human bones.’” (1 Kings 13:2 ULT)

He said this about the altar: “This is what Yahweh says about this altar. ‘See, ...they will burn people's bones on it.’”

As for these mountains of Gilboa, let there not be dew or rain on them

Assumed Knowledge and Implicit Information

- **Assumed knowledge** is whatever a speaker assumes his audience knows before he speaks and gives them some kind of information. The speaker does not give the audience this information because he believes that they already know it.
- When **the speaker does give the audience information**, he can do so in two ways:
  - **Explicit information** is what the speaker states directly.
  - **Implicit information** is what the speaker does not state directly because he expects his audience to be able to learn it from what he says.

Description

When someone speaks or writes, he has something specific that he wants people to know or do or think about. He normally states this directly. This is **explicit information**.

The speaker assumes that his audience already knows certain things that they will need to think about in order to understand this information. Normally he does not tell people these things, because they already know them. This is called **assumed knowledge**.

The speaker does not always directly state everything that he expects his audience to learn from what he says. **Implicit information** is information that he expects people to learn from what he says even though he does not state it directly.

Often, the audience understands this **implicit information** by combining what they already know (**assumed knowledge**) with the **explicit information** that the speaker tells them directly.

Reasons this is a translation issue

All three kinds of information are part of the speaker's message. If one of these kinds of information is missing, then the audience will not understand the message. Because the target translation is in a language that is very different than the biblical languages and is made for an audience that lives in a very different time and place than the people in the Bible, many times the **assumed knowledge** or the **implicit information** is missing from the message. In other words, modern readers do not know everything that the original speakers and hearers in the Bible knew. When these things are important for understanding the message, it is helpful if you include this information in the text or in a footnote.

Examples from the Bible

> Then a scribe came to him and said, “Teacher, I will follow you wherever you go.” Jesus said to him, “Foxes have holes, and the birds of the sky have nests, but the Son of Man has nowhere to lay his head.” (Matthew 8:20 ULT)

Jesus did not say what foxes and birds use holes and nests for, because he assumed that the scribe would have known that foxes sleep in holes in the ground and birds sleep in their nests. This is **assumed knowledge**.

Jesus did not directly say here “I am the Son of Man” but, if the scribe did not already know it, then that fact would be **implicit information** that he could learn because Jesus referred to himself that way. Also, Jesus did not state explicitly that he travelled a lot and did not have a house that he slept in every night. That is **implicit information** that the scribe could learn when Jesus said that he had nowhere to lay his head.

> Woe to you, Chorazin! Woe to you, Bethsaida! If the mighty deeds had been done in **Tyre and Sidon** which were done in you, they would have repented long ago in sackcloth and ashes. But
it will be more tolerable for Tyre and Sidon at the day of judgment than for you. (Matthew 11:21, 22 ULT)

Jesus assumed that the people he was speaking to knew that Tyre and Sidon were very wicked, and that the day of judgment is a time when God will judge every person. Jesus also knew that the people he was talking to believed that they were good and did not need to repent. Jesus did not need to tell them these things. This is all assumed knowledge.

An important piece of implicit information here is that the people he was speaking to would be judged more severely than the people of Tyre and Sidon would be judged because they did not repent.

Why do your disciples violate the traditions of the elders? For they do not wash their hands when they eat. (Matthew 15:2 ULT)

One of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating. People thought that in order to be righteous, they had to follow all the traditions of the elders. This was assumed knowledge that the Pharisees who were speaking to Jesus expected him to know. By saying this, they were accusing his disciples of not following the traditions, and thus not being righteous. This is implicit information that they wanted him to understand from what they said.

Translation Strategies

If readers have enough assumed knowledge to be able to understand the message, along with any important implicit information that goes with the explicit information, then it is good to leave that knowledge unstated and leave the implicit information implicit. If the readers do not understand the message because one of these is missing for them, then follow these strategies:

1. If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.
2. If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Examples of Translation Strategies Applied

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

Jesus said to him, “Foxes have holes

, and the birds of the sky have nests, but the Son of Man has nowhere to lay his head.” (Matthew 8:20 ULT) - The assumed knowledge was that the foxes slept in their holes and birds slept in their nests.

Jesus said to him, “Foxes have holes to live in, and the birds of the sky have nests to live in, but the Son of Man has nowhere to lay his head and sleep.”

it will be more tolerable for Tyre and Sidon

at the day of judgment than for you (Matthew 11:22 ULT) - The assumed knowledge was that the people of Tyre and Sidon were very, very wicked. This can be stated explicitly.

...it will be more tolerable for those cities Tyre and Sidon, whose people were very wicked, at the day of judgment than for you.

or:

...it will be more tolerable for those wicked cities Tyre and Sidon at the day of judgment than for you.

Why do your disciples violate the traditions of the elders? For they do not wash their hands
when they eat. (Matthew 15:2 ULT) - The assumed knowledge was that one of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating, which they must do to be righteous. It was not to remove germs from their hands to avoid sickness, as a modern reader might think.

Why do your disciples violate the traditions of the elders? For **they do not go through the ceremonial handwashing ritual of righteousness** when they eat.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Then a scribe came to him and said, “Teacher, I will follow you wherever you go.” Jesus said to him, “Foxes have holes, and the birds of the sky have nests, but the Son of Man **has nowhere to lay his head.**” (Matthew 8:19, 20 ULT) - The implicit information is that Jesus himself is the Son of Man. Other implicit information is that if the scribe wanted to follow Jesus, he would have to live like Jesus without a house.

Jesus said to him, “Foxes have holes, and the birds of the sky have nests, but **I, the Son of Man**, have no home to rest in. **If you want to follow me, you will live as I live.**”

**it will be more tolerable for Tyre and Sidon at the day of judgment than for you** (Matthew 11:22 ULT) - The implicit information is that God would not only judge the people; he would punish them. This can be made explicit.

At the day of judgment, God will **punish Tyre and Sidon**, cities whose people were very wicked, **less severely than he will punish you**.

or:

At the day of judgment, God will **punish you more severely** than Tyre and Sidon, cities whose people were very wicked.

Modern readers may not know some of the things that the people in the Bible and the people who first read it knew. This can make it hard for them to understand what a speaker or writer says, and to learn things that the speaker left implicit. Translators may need to state some things explicitly in the translation that the original speaker or writer left unstated or implicit.
Direct and Indirect Quotations

Description

There are two kinds of quotations: direct quotation and indirect quotation.

A direct quotation occurs when someone reports what another person said from the viewpoint of that original speaker. People usually expect that this kind of quotation will represent the original speaker’s exact words. In the example below, John would have said “I” when referring to himself, so the narrator, who is reporting John’s words, uses the word “I” in the quotation to refer to John. To show that these are John’s exact words, many languages put the words between quotation marks: “”.

- John said, “I do not know at what time I will arrive.”

An indirect quotation occurs when a speaker reports what someone else said, but in this case, the speaker is reporting it from his own point of view instead of from the original person’s point of view. This kind of quotation usually features changes in pronouns, and it often features changes in time, in word choices, and in length. In the example below, the narrator refers to John as “he” in the quotation and uses the word “would”, to replace the future tense indicated by “will”.

- John said that he did not know at what time he would arrive.

Why this is a translation issue

In some languages, reported speech can be expressed by either direct or indirect quotations. In other languages, it is more natural to use one rather than the other, or there is a certain meaning implied by using one rather than the other. So for each quotation, translators need to decide whether it is best to translate it as a direct quotation or an indirect quotation.

Examples from the Bible

The verses in the examples below contain both direct and indirect quotations. In the explanation below the verse, we have underlined the quotations.

He instructed him to tell no one, but told him, “Go on your way, and show yourself to the priest and offer a sacrifice for your cleansing, according to what Moses commanded, for a testimony to them.” (Luke 5:14 ULT)

- Indirect quote: He instructed him to tell no one,
- Direct quote: but told him, “Go on your way, and show yourself to the priest...”

Being asked by the Pharisees when the kingdom of God would come, Jesus answered them and said, “The kingdom of God is not something that can be observed. Neither will they say, ‘Look here!’ or, ‘Look there!’ because the kingdom of God is among you.” (Luke 17:20-21 ULT)

- Indirect quote: Being asked by the Pharisees when the kingdom of God would come,
- Direct quote: Jesus answered them and said, “The kingdom of God is not something that can be observed. Neither will they say, ‘Look here!’ or, ‘Look there!’ because the kingdom of God is among you.”
Translation Strategies

If the kind of quote used in the source text would work well in your language, consider using it. If the kind of quote used in that context is not natural for your language, follow these strategies.

1. If a direct quote would not work well in your language, change it to an indirect quote.
2. If an indirect quote would not work well in your language, change it to a direct quote.

Examples of Translation Strategies Applied

(1) If a direct quote would not work well in your language, change it to an indirect quote.

He instructed him to tell no one, but told him, “Go on your way, and show yourself to the priest and offer a sacrifice for your cleansing, according to what Moses commanded, for a testimony to them.

“ (Luke 5:14 ULT)

He instructed him to tell no one, but to go on his way, and to show himself to the priest and to offer a sacrifice for his cleansing, according to what Moses commanded, for a testimony to them.”

(2) If an indirect quote would not work well in your language, change it to a direct quote.

He instructed him, to tell no one, but told him, “Go on your way, and show yourself to the priest and offer a sacrifice for your cleansing, according to what Moses commanded, for a testimony to them.” (Luke 5:14 ULT)

He instructed him, “Tell no one. Just go on your way, and show yourself to the priest and offer a sacrifice for your cleansing, according to what Moses commanded, for a testimony to them.”

Double Negatives

A double negative occurs when a clause has two words that each express the meaning of “not.” Double negatives mean very different things in different languages. To translate sentences that have double negatives accurately and clearly, you need to know what a double negative means in the Bible and how to express this idea in your language.

Description

Negative words are words that have in them the meaning “not.” Examples in English are “no,” “not,” “none,” “no one,” “nothing,” “nowhere,” “never,” “nor,” “neither,” and “without.” Also, some words have prefixes or suffixes that mean “not” such as the underlined parts of these words: “un happy,” “im possible,” and “use less.” Some other kinds of words also have a negative meaning, such as “lack” or “reject,” or even “fight” or “evil.”

A double negative occurs when a clause has two words that each have a negative meaning.

It is not that we do not have authority… (2 Thessalonians 3:9 ULT)
And this better confidence did not happen without the taking of an oath,… (Hebrews 7:20 ULT.)
Be sure of this—wicked people will not go unpunished (Proverbs 11:21 ULT)

Reason this is a translation issue

Double negatives mean very different things in different languages.

- In some languages, such as Spanish, a double negative emphasizes the negative. The following Spanish sentence No ví a nadie is literally, “I did not see no one”. It has both the word ‘no’ next to the verb and ‘nadie,’ which means “no one”. The two negatives are seen as in agreement with each other, and the sentence means, “I did not see anyone”.
- In some languages, a second negative cancels the first one, creating a positive sentence. So, “He is not unintelligent” means “He is intelligent”.
- In some languages the double negative creates a positive sentence, but it is a weak statement. So, “He is not unintelligent” means, “He is somewhat intelligent”.
- In some languages, such as the languages of the Bible, the double negative can create a positive sentence, and often strengthens the statement. So, “He is not unintelligent” can mean “He is intelligent” or “He is very intelligent”.

To translate sentences with double negatives accurately and clearly in your language, you need to know both what a double negative means in the Bible and how to express the same idea in your language.

Examples from the Bible

...in order not to be unfruitful. (Titus 3:14 ULT)
This means “so that they will be fruitful”.

All things were made through him and without him there was not one thing made that has been made. (John 1:3 ULT)

By using a double negative, John emphasized that the Son of God created absolutely everything. The double negative makes a stronger statement than the simple positive.
Translation Strategies

If double negatives are natural and are used to express the positive in your language, consider using them. Otherwise, you could consider these strategies:

1. If the purpose of a double negative in the Bible is simply to make a positive statement, and if it would not do that in your language, remove the two negatives so that it is positive.
2. If the purpose of a double negative in the Bible is to make a strong positive statement, and if it would not do that in your language, remove the two negatives and put in a strengthening word or phrase such as “very” or “surely” or “absolutely.”

Examples of Translation Strategies Applied

(1) If the purpose of a double negative in the Bible is simply to make a positive statement, and if it would not do that in your language, remove the two negatives so that it is positive.

For we do not have a high priest who cannot feel sympathy for our weaknesses. (Hebrews 4:15 ULT)

“For we have a high priest who can feel sympathy for our weaknesses.”

...in order not to be unfruitful**. (Titus 3:14 ULT)

“...so that they may be fruitful.”

(2) If the purpose of a double negative in the Bible is to make a strong positive statement, and if it would not do that in your language, remove the two negatives and put in a strengthening word or phrase such as “very” or “surely” or “absolutely.”

Be sure of this—wicked people will not go un punished... (Proverbs 11:21 ULT)

“Be sure of this—wicked people will certainly be punished...”

All things were made through him and without him there was not one thing made that has been made. (John 1:3 ULT)

“All things were made through him. He made absolutely everything that has been made.”

Doublet

Description

We are using the word “doublet” to refer to two words or phrases that are used together and either mean the same thing or mean very close to the same thing. Often they are joined with the word “and.” Unlike Hendiadys, in which one of the words modifies the other, in a doublet the two words or phrases are equal and are used to emphasize or intensify the one idea that is expressed by the two words or phrases.

Reason this is a translation issue

In some languages people do not use doublets. Or they may use doublets, but only in certain situations, so a doublet might not make sense in their language in some verses. People might think that the verse is describing two ideas or actions, when it is only describing one. In this case, translators may need to find some other way to express the meaning expressed by the doublet.

Examples from the Bible

King David was old and advanced in years. (1 Kings 1:1 ULT)

The underlined words mean the same thing. Together they mean that he was “very old.”

...he attacked two men more righteous and better than himself... (1 Kings 2:32 ULT)

This means that they were “much more righteous” than he was.

You have decided to prepare false and deceptive words (Daniel 2:9 ULT)

This means that they had decided to lie, which is another way of saying that they intended to deceive people.

...as of a lamb without blemish and without spot. (1 Peter 1:19 ULT)

This means that he was like a lamb that did not have any defect--not even one.

Translation Strategies

If a doublet would be natural and give the right meaning in your language, consider using it. If not, consider these strategies.

1. Translate only one of the words or phrases.
2. If the doublet is used to intensify the meaning, translate one of the words or phrases and add a word that intensifies it such as “very” or ”great” or “many.”
3. If the doublet is used to intensify or emphasize the meaning, use one of your language's ways of doing that.

Translation Strategies Applied

(1) Translate only one of the words.

You have decided to prepare false and deceptive words (Daniel 2:9 ULT)

“You have decided to prepare false things to say.”
(2) If the doublet is used to intensify the meaning, translate one of the words and add a word that intensifies it such as “very” or “great” or “many.”

| King David was old and advanced in years. (1 Kings 1:1 ULT) |
| “King David was very old.” |

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language’s ways of doing that.

| ...a lamb without blemish and without spot... (1 Peter 1:19 ULT) - English can emphasize this with “any” and “at all.” |
| “…a lamb without any blemish at all…” |

(Go back to: Ecclesiastes 1:13; 1:17; 2:5; 2:12; 2:23; 3:17; 5:8; 5:18; 5:19; 6:2; 7:26; 11:6)
Ellipsis

Description

Ellipsis is what happens when a speaker or writer leaves out one or more words from a sentence that it normally should have to be a complete sentence. The speaker or writer does this because he knows that the hearer or reader will understand the meaning of the sentence and supply the words in his mind when he hears or reads the words that are there. For example:

...the wicked will not stand in the judgment, nor sinners in the assembly of the righteous. (Psalm 1:5)

There is ellipsis in the second part because “nor sinners in the assembly of the righteous” is not a complete sentence. The speaker assumes that the hearer will understand what it is that sinners will not do in the assembly of the righteous by filling in the action from the previous clause. With the action filled in, the complete sentence would be:

...nor will sinners stand in the assembly of the righteous.

There are two types of ellipsis.

1. A Relative Ellipsis happens when the reader has to supply the omitted word or words from the context. Usually the word is in the previous sentence, as in the example above.
2. An Absolute Ellipsis happens when the omitted word or words are not in the context, but the phrases are common enough in the language that the reader is expected to supply what is missing from this common usage, or from the nature of the situation.

Reason this is a translation issue

Readers who see incomplete sentences or phrases may not know that there is information missing that the writer expects them to fill in. Or readers may understand that there is information missing, but they may not know what information is missing because they do not know the original biblical language, culture, or situation as the original readers did. In this case, they may fill in the wrong information. Or readers may misunderstand the ellipsis if they do not use ellipsis in the same way in their language.

Examples from the Bible

Relative Ellipsis

He makes Lebanon skip like a calf and Sirion like a young ox. (Psalm 29:6 ULT)

The writer wants his words to be few and to make good poetry. The full sentence with the information filled in would be:

He makes Lebanon skip like a calf and he makes Sirion skip like a young ox.

But if we are afflicted, for your comfort and salvation; if we are comforted, for your comfort,... (2 Corinthians 1:6)

The information that the reader must understand in the second parts of these sentences can be filled in from the first parts:
But if we are afflicted, we are afflicted for your comfort and salvation; if we are comforted, we are comforted for your comfort,…

Absolute Ellipsis

...when the blind man was near, Jesus asked him, “What do you want me to do for you?” He said, “Lord, that I might receive my sight.” (Luke 18:40-41 ULT)

It seems that the man answered in an incomplete sentence because he wanted to be polite and not directly ask Jesus for healing. He knew that Jesus would understand that the only way he could receive his sight would be for Jesus to heal him. The complete sentence would be:

“Lord, I want you to heal me so that I might receive my sight.”

To Titus...Grace and peace from God the Father and Christ Jesus our Savior. (Titus 1:4 ULT)

The writer assumes that the reader will recognize this common form of a blessing or wish, so he does not need to include the full sentence, which would be:

To Titus...May you receive grace and peace from God the Father and Christ Jesus our savior.

Translation Strategies

If ellipsis would be natural and give the right meaning in your language, consider using it. If not, here is another option:

1. Add the missing words to the incomplete phrase or sentence.

Examples of Translation Strategies Applied

(1) Add the missing words to the incomplete phrase or sentence.

...the wicked will not stand in the judgment, nor sinners in the assembly of the righteous. (Psalm 1:5)

...the wicked will not stand in the judgment, and sinners will not stand in the assembly of the righteous

...when the blind man was near, Jesus asked him, “What do you want me to do for you?” He said, “Lord, that I might receive my sight.” (Luke 18:40-41)

...when the blind man was near, Jesus asked him, “What do you want me to do for you?” He said, “Lord, I want you to heal me” that I might receive my sight.”

He makes Lebanon skip like a calf and Sirion like a young ox.

. (Psalm 29:6)

He makes Lebanon skip like a calf, and he makes Sirion skip like a young ox.

Euphemism

Description

A euphemism is a mild or polite way of referring to something that is unpleasant, embarrassing, or socially unacceptable, such as death or activities usually done in private.

Definition

...they found Saul and his sons fallen on Mount Gilboa. (1 Chronicles 10:8 ULT)

This means that Saul and his sons “were dead”. It is a euphemism because the important thing was not that Saul and his sons had fallen but that they were dead. Sometimes people do not like to speak directly about death because it is unpleasant.

Reason this is a translation issue

Different languages use different euphemisms. If the target language does not use the same euphemism as in the source language, readers may not understand what it means and they may think that the writer means only what the words literally say.

Examples from the Bible

...where there was a cave. Saul went inside to relieve himself...(1 Samuel 24:3 ULT)

The original hearers would have understood that Saul went into the cave to use it as a toilet, but the writer wanted to avoid offending or distracting them, so he did not say specifically what Saul did or what he left in the cave.

Mary said to the angel, “How will this happen, since I have not slept with any man?” (Luke 1:34 ULT)

In order to be polite, Mary uses a euphemism to say that she has never had sexual intercourse with a man.

Translation Strategies

If euphemism would be natural and give the right meaning in your language, consider using it. If not, here are other options:

1. Use a euphemism from your own culture.
2. State the information plainly without a euphemism if it would not be offensive.

Examples of Translation Strategies Applied

(1) Use a euphemism from your own culture.

...where there was a cave. Saul went inside to relieve himself

(1 Samuel 24:3 ULT) - Some languages might use euphemisms like these:

“...where there was a cave. Saul went into the cave to dig a hole ”
“...where there was a cave. Saul went into the cave to have some time alone ”

Mary said to the angel, “How will this happen, since I have not slept with any man?” (Luke 1:34 ULT)
Mary said to the angel, “How will this happen, since I do not know a man?” - (This is the euphemism used in the original Greek)

(2) State the information plainly without a euphemism if it would not be offensive.

they found Saul and his sons fallen

on Mount Gilboa. (1 Chronicles 10:8 ULT)

“they found Saul and his sons dead on Mount Gilboa.”

Hyperbole

Description

A speaker or writer can use exactly the same words to say something that he means as completely true, or as generally true, or as a hyperbole. This is why it can be hard to decide how to understand a statement. For example, the sentence below could mean three different things.

- It rains here every night.

1. The speaker means this as literally true if he means that it really does rain here every night.
2. The speaker means this as a generalization if he means that it rains here most nights.
3. The speaker means this as a hyperbole if he wants to say that it rains more than it actually does, usually in order to express a strong attitude toward the amount of rain, such as being annoyed or being happy about it.

Hyperbole: This is a figure of speech that uses exaggeration. A speaker deliberately describes something by an extreme or even unreal statement, usually to show his strong feeling or opinion about it. He expects people to understand that he is exaggerating.

- They will not leave one stone upon another (Luke 19:44 Ult)
- This is an exaggeration. It means that the enemies will completely destroy Jerusalem.
- Moses was educated in all the learning of the Egyptians (Acts 7:22 Ult)
- This hyperbole means that he had learned much of what the Egyptians knew and taught, and thus was as educated as any Egyptian.

Generalization: This is a statement that is true most of the time or in most situations that it could apply to.

- The one who ignores instruction will have poverty and shame, but honor will come to him who learns from correction. (Proverbs 13:18)
- These generalizations tell about what normally happens to people who ignore instruction and what normally happens to people who learn from correction. There may be some exceptions to these statements, but they are generally true.
- And when you pray, do not make useless repetitions as the Gentiles do, for they think that they will be heard because of their many words. (Matthew 6:7)
- This generalization tells about what Gentiles were known for doing. Many Gentiles did this. It does not matter if a few did not. The point was that the hearers should not join in this well-known practice.

Even though a hyperbole or a generalization may have a strong-sounding word like “all,” “always,” “none,” or “never,” it does not necessarily mean exactly “all,” “always,” “none,” or “never.” It simply means “most,” “most of the time,” “hardly any,” or “rarely.”

Reason this is a translation issue

1. Readers need to be able to understand whether or not a statement is literally true.
2. If readers realize that a statement is not literally true, they need to be able to understand whether it is a hyperbole, a generalization, or a lie. (Though the Bible is completely true, it tells about people who did not always tell the truth.)
Examples from the Bible

Examples of Hyperbole

If your hand causes you to stumble, cut it off. It is better for you to enter into life maimed...
(Mark 9:43 ULT)

When Jesus said to cut off your hand, he meant that we should do whatever extreme things we need to do in order not to sin. He used this hyperbole to show how extremely important it is to try to stop sinning.

The Philistines gathered together to fight against Israel: thirty thousand chariots, six thousand men to drive the chariots, and troops as numerous as the sand on the seashore. (1 Samuel 13:5 ULT)

The underlined phrase is an exaggeration for the purpose of expression the emotion that the Philistine army was overwhelming in number. It means that there were many, many soldiers in the Philistine army.

But as his anointing teaches you about all things and is true and is not a lie, and even as it has taught you, remain in him. (1 John 2:27 ULT)

This is a hyperbole. It expresses the assurance that God's Spirit teaches us about all things that we need to know. God's Spirit does not teach us about everything that it is possible to know.

They found him, and they said to him, “Everyone is looking for you.” (Mark 1:37 ULT)

The disciples probably did not mean that everyone in the city was looking for Jesus, but that many people were looking for him, or that all of Jesus' closest friends there were looking for him. This is an exaggeration for the purpose of expressing the emotion that they and many others were worried about him.

Examples of Generalization

Can anything good come out of Nazareth? (John 1:46 ULT)

This rhetorical question is meant to express the generalization that there is nothing good in Nazareth. The people there had a reputation for being uneducated and not strictly religious. Of course, there were exceptions.

One of them, of their own prophets, has said, “Cretans are always liars, evil beasts, lazy bellies.” (Titus 1:12 ULT)

This is a generalization that means that Cretans had a reputation to be like this because, in general, this is how Cretans behaved. It is possible that there were exceptions.

A lazy hand causes poverty, but the hand of the diligent makes him rich. (Proverbs 10:4 ULT)

This is generally true, and reflects the experience of most people. It is possible that there are exceptions in some circumstances.

Caution

Do not assume that something is an exaggeration just because it seems to be impossible. God does miraculous things.

...they saw Jesus walking on the sea and coming near the boat... (John 6:19 ULT)

This is not hyperbole. Jesus really walked on the water. It is a literal statement.

Do not assume that the word “all” is always a generalization that means “most.”
Yahweh is righteous in all his ways and gracious in all he does. (Psalms 145:17 ULT)

Yahweh is always righteous. This is a completely true statement.

Translation Strategies

If the hyperbole or generalization would be natural and people would understand it and not think that it is a lie, consider using it. If not, here are other options.

1. Express the meaning without the exaggeration.
2. For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases.”
3. For a hyperbole or a generalization, add a word like “many” or “almost” to show that the hyperbole or generalization is not meant to be exact.
4. For a hyperbole or a generalization that has a word like “all,” always,” “none,” or “never,” consider deleting that word.

Examples of Translation Strategies Applied

(1) Express the meaning without the exaggeration.

The Philistines gathered together to fight against Israel: thirty thousand chariots, six thousand men to drive the chariots, and troops as numerous as the sand on the seashore. (1 Samuel 13:5 ULT)

The Philistines gathered together to fight against Israel: thirty thousand chariots, six thousand men to drive the chariots, and a great number of troops.

(2) For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases”.

In general, the one who ignores instruction will have poverty and shame... (Proverbs 13:18 ULT)

The one who ignores instruction will have poverty and shame...

And when you pray, do not make useless repetitions as the Gentiles do, for they think that they will be heard because of their many words. (Matthew 6:7)

“And when you pray, do not make useless repetitions as the Gentiles generally do, for they think that they will be heard because of their many words.”

(3) For a hyperbole or a generalization, add a word like “many” or “almost” to show that the hyperbole or generalization is not meant to be exact.

The whole country of Judea and all the people of Jerusalem went out to him. (Mark 1:5 ULT)

Almost all the country of Judea and almost all the people of Jerusalem went out to him.”

or:

Many of the country of Judea and many of the people of Jerusalem went out to him.”

(4) For a hyperbole or a generalization that has a word like “all,” always,” “none,” or “never,” consider deleting that word.

The whole country of Judea and all the people of Jerusalem went out to him. (Mark 1:5 ULT)
The country of Judea and the people of Jerusalem went out to him.

Hypothetical Situations

Consider these phrases: “If the sun stopped shining...”; “What if the sun stopped shining...,” “Suppose the sun stopped shining...,” and “If only the sun had not stopped shining.” We use such expressions to set up hypothetical situations, imagining what might have happened or what could happen in the future but probably will not. We also use them to express regret or wishes. These occur often in the Bible. You (the translator) need to translate them in a way that people will know that the event did not actually happen, and that they will understand why the event was imagined.

Description

Hypothetical situations are situations that are not real. They can be in the past, present, or future. Hypothetical situations in the past and present have not happened, and ones in the future are not expected to happen.

People sometimes tell about conditions and what would happen if those conditions were met, but they know that these things have not happened or probably will not happen. (The conditions are the phrase that start with “if.”)

- If he had lived to be one hundred years old, he would have seen his grandson's grandson. (But he did not.)
- If he lived to be one hundred years old, he would still be alive today. (But he is not.)
- If he lives to be one hundred years old, he will see his grandson's grandson. (But he probably will not.)

People sometimes express wishes about things that have not happened or that are not expected to happen.

- I wish he had come.
- I wish he were here.
- I wish he would come.

People sometimes express regrets about things that have not happened or that are not expected to happen.

- If only he had come.
- If only he were here.
- If only he would come.

Reason this Is a Translation Issue

- Translators need to recognize the different kinds of hypothetical situations in the Bible and understand that they are unreal.
- Translators need to know their own language's ways of talking about different kinds of hypothetical situations.

Examples from the Bible

Hypothetical situations in the past

“Woe to you, Chorazin! Woe to you, Bethsaida! If the mighty deeds had been done in Tyre and Sidon which were done in you, they would have repented long ago in sackcloth and ashes.”

(Matthew 11:21 ULT)

Here in Matthew 11:21 Jesus said that if the people living in the ancient cities of Tyre and Sidon had been able to see the miracles that he performed, they would have repented long ago. The people of Tyre and Sidon did not actually see his miracles and they did not repent. He said this to rebuke the people of Chorazin and Bethsaida who had seen his miracles and yet did not repent.
Martha then said to Jesus, “Lord, if you had been here, my brother would not have died.” (John 11:21 ULT)

Martha said this to express her wish that Jesus had come sooner, so that her brother would not have died. But Jesus did not come sooner, and her brother did die.

**Hypothetical situations in the present**

Also, no man puts new wine into old wineskins. If he did that, the new wine would burst the skins, and the wine would be spilled, and the wineskins would be destroyed. (Luke 5:37 ULT)

Jesus told about what would happen if a person were to put new wine into old wineskins. But no one would do that. He used this imaginary situation as an example to show that there are times when it is unwise to mix new things with old things. He did this so that people could understand why his disciples were not fasting as people traditionally did.

Jesus said to them, “What man would there be among you, who, if he had just one sheep, and if this sheep fell into a deep hole on the Sabbath, would not grasp hold of it and lift it out? (Matthew 12:11 ULT)

Jesus asked the religious leaders what they would do on the Sabbath if one of their sheep fell into a hole. He was not saying that their sheep would fall into a hole. He used this imaginary situation to show them that they were wrong to judge him for healing people on the Sabbath.

**Hypothetical situation in the future**

Unless those days are shortened, no flesh would be saved; but for the sake of the elect, those days will be shortened. (Matthew 24:22 ULT)

Jesus was talking about a future time when very bad things would happen. He told what would happen if those days of trouble were to last a long time. He did this to show about how bad those days will be—so bad that if they lasted a long time, no one would be saved. But then he clarified that God will shorten those days of trouble, so that the elect (those he has chosen) will be saved.

**Expressing emotion about a hypothetical situation**

People sometimes talk about hypothetical situations in order to express regrets and wishes. Regrets are about the past and wishes are about the present and future.

The Israelites said to them, “If only we had died by Yahweh’s hand in the land of Egypt when we were sitting by the pots of meat and were eating bread to the full. For you have brought us out into this wilderness to kill our whole community with hunger.” (Exodus 16:3 ULT)

Here the Israelites were afraid that they would have to suffer and die of hunger in the wilderness, and so they wished that they had stayed in Egypt and died there with full stomachs. They were complaining, expressing regret that this had not happened.

I know what you have done, and that you are neither cold nor hot. I wish that you were either cold or hot! (Revelation 3:15 ULT)

Jesus wished that the people were either hot or cold, but they are neither. He was rebuking them, expressing anger at this.

**Translation Strategies**

Find out how people speaking your language show:

- that something could have happened, but did not.
• that something could be true now, but is not.
• that something could happen in the future, but will not unless something changes.
• that they wish for something, but it does not happen.
• that they regret that something did not happen.

Use your language's ways of showing these kinds of things.

### Idiom

An idiom is a figure of speech made up of a group of words that, as a whole, has a meaning that is different from what one would understand from the meanings of the individual words. Someone from outside of the culture usually cannot understand an idiom without someone inside the culture explaining its true meaning. Every language uses idioms. Some English examples are:

- You are pulling my leg. (This means, “You are telling me a lie.”)
- Do not push the envelope. (This means, “Do not take a matter to its extreme.”)
- This house is under water. (This means, “The debt owed for this house is greater than its actual value.”)
- We are painting the town red. (This means, “We are going around town tonight celebrating very intensely.”)

### Description

An idiom is a phrase that has a special meaning to the people of the language or culture who use it. Its meaning is different than what a person would understand from the meanings of the individual words that form the phrase.

```
he resolutely set his face to go to Jerusalem. (Luke 9:51 ULT)
```

The words “set his face” is an idiom that means “decided”.

Sometimes people may be able to understand an idiom from another culture, but it might sound like a strange way to express the meaning.

```
I am not worthy that you should enter under my roof. (Luke 7:6 ULT)
```

The phrase “enter under my roof” is an idiom that means “enter my house”.

```
Let these words go deeply into your ears. (Luke 9:44 ULT)
```

This idiom means “Listen carefully and remember what I say”.

**Purpose:** An idiom is created in a culture probably somewhat by accident when someone describes something in an unusual way. But, when that unusual way communicates the message powerfully and people understand it clearly, other people start to use it. After a while, it becomes a normal way of talking in that language.

### Reasons this is a translation issue

- People can easily misunderstand idioms in the original languages of the Bible if they do not know the cultures that produced the Bible.
- People can easily misunderstand idioms that are in the source language Bibles if they do not know the cultures that made those translations.
- It is useless to translate idioms literally (according to the meaning of each word) when the target language audience will not understand what they mean.

### Examples from the Bible

```
Then all Israel came to David at Hebron and said, “Look, we are your flesh and bone.” (1 Chronicles 11:1 ULT)
```

This means, “We and you belong to the same race, the same family.”

```
the children of Israel went out with a high hand. (Exodus 14:8 ASV)
```

This means, “The Israelites went out defiantly.”

the one who *lifts up my head* (Psalm 3:3 ULT)

This means, “the one who helps me.”

**Translation Strategies**

If the idiom would be clearly understood in your language, consider using it. If not, here are some other options.

1. Translate the meaning plainly without using an idiom.
2. Use a different idiom that people use in your own language that has the same meaning.

**Examples of Translation Strategies Applied**

(1) Translate the meaning plainly without using an idiom.

Then all Israel came to David at Hebron and said, *“Look, we are your flesh and bone.”* (1 Chronicles 11:1 ULT)

...Look, we all *belong to the same nation.*

he resolutely set his face
to go to Jerusalem. (Luke 9:51 ULT)

He started to travel to Jerusalem, *determined to reach it.*

*I am not worthy that you should enter* under my roof

.(Luke 7:6 ULT)

I am not worthy that you should enter *my house.*

(2) Use an idiom that people use in your own language that has the same meaning.

*Let these words* go deeply into your ears

(Luke 9:44 ULT)

*Be all ears* when I say these words to you.

*“My* eyes grow dim

from grief (Psalm 6:7 ULT)

I am crying my *eyes out*

Irony

Description

Irony is a figure of speech in which the sense that the speaker intends to communicate is actually the opposite of the literal meaning of the words. Sometimes a person does this by using someone else's words, but in a way that communicates that he does not agree with them. People do this to emphasize how different something is from what it should be, or how someone else's belief about something is wrong or foolish. It is often humorous.

Jesus answered them, “People who are in good health do not need a physician, only people who are sick need one. I did not come to call righteous people to repentance, but to call sinners to repentance.” (Luke 5:31-32 ULT)

When Jesus spoke of “righteous people,” he was not referring to people who were truly righteous, but to people who wrongly believed that they were righteous. By using irony, Jesus communicated that they were wrong to think that they were better than others and did not need to repent.

Reason this is a translation issue

• If someone does not realize that a speaker is using irony, he will think that the speaker actually believes what he is saying. He will understand the passage to mean the opposite of what it was intended to mean.

Examples from the Bible

"How well you reject the commandment of God so you may keep your tradition!" (Mark 7:9 ULT)

Here Jesus praises the Pharisees for doing something that is obviously wrong. Through irony, he communicates the opposite of praise: He communicates that the Pharisees, who take great pride in keeping the commandments, are so far from God that they do not even recognize that their traditions are breaking God's commandments. The use of irony makes the Pharisees' sin more obvious and startling.

"Present your case,” says Yahweh; “present your best arguments for your idols,” says the King of Jacob. “Let them bring us their own arguments; have them come forward and declare to us what will happen, so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled.” (Isaiah 41:21-22 ULT)

People worshiped idols as if their idols had knowledge or power, and Yahweh was angry at them for doing that. So he used irony and challenged their idols to tell what would happen in the future. He knew that the idols could not do this, but by speaking as if they could, he mocked the idols, making their inability more obvious, and rebuked the people for worshiping them.

Can you lead light and darkness to their places of work?
Can you find the way back to their houses for them?
Undoubtedly you know, for you were born then; “the number of your days is so large!” (Job 38:20, 21 ULT)

Job thought that he was wise. Yahweh used irony to show Job that he was not so wise. The two underlined phrases above are irony. They emphasize the opposite of what they say, because they are so obviously false. They emphasize that Job could not possibly answer God’s questions about the creation of light because Job was not born until many, many years later.
Already you have all you could want! Already you have become rich! You began to reign—and that quite apart from us! (1 Corinthians 4:8 ULT)

The Corinthians considered themselves to be very wise, self-sufficient, and not in need of any instruction from the Apostle Paul. Paul used irony, speaking as if he agreed with them, to show how proudly they were acting and how far from being wise they really were.

Translation Strategies

If the irony would be understood correctly in your language, translate it as it is stated. If not, here are some other strategies.

1. Translate it in a way that shows that the speaker is saying what someone else believes.
2. Translate the actual, intended meaning of the statement of irony. The actual meaning of the irony is not found in the literal words of the speaker, but instead the true meaning is found in the opposite of the literal meaning of the speaker’s words.

Examples of Translation Strategies Applied

(1) Translate it in a way that shows that the speaker is saying what someone else believes.

How well you reject the commandment of God

so you may keep your tradition! (Mark 7:9 ULT)

You think that you are doing well when you reject God’s commandment so you may keep your tradition!

You act like it is good to reject God’s commandment so you may keep your tradition!

I did not come to call righteous people
to repentance, but to call sinners to repentance. (Luke 5:32 ULT)

I did not come to call people who think that they are righteous to repentance, but to call sinners to repentance.

(2) Translate the actual, intended meaning of the statement of irony.

How well you reject the commandment of God

so you may keep your tradition! (Mark 7:9 ULT)

You are doing a terrible thing when you reject the commandment of God so you may keep your tradition!

“Present your case,” says Yahweh; “present your best arguments for your idols,” says the King of Jacob. “Let them bring us their own arguments; have them come forward and declare to us what will happen

so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled.” (Isaiah 41:21-22 ULT)

‘Present your case,’ says Yahweh; ‘present your best arguments for your idols,’ says the King of Jacob. Your idols cannot bring us their own arguments or come forward to declare to us what will happen so we may know these things well. We cannot hear them because they cannot speak to tell us their earlier predictive declarations, so we cannot reflect on them and know how they were fulfilled.
Can you lead light and darkness to their places of work? Can you find the way back to their houses for them? Undoubtedly you know, for you were born then; the number of your days is so large!" (Job 38:20, 21 ULT)

Can you lead light and darkness to their places of work? Can you find the way back to their houses for them? *You act like you know how light and darkness were created, as if you were there; as if you are as old as creation, but you are not!*

**Merism**

**Definition**

Merism is a figure of speech in which a person refers to something by speaking of two extreme parts of it. By referring to the extreme parts, the speaker intends to include also everything in between those parts.

“I am the Alpha and the Omega,” says the Lord God, “the one who is, and who was, and who is to come, the Almighty.” (Revelation 1:8, ULT)

I am the **Alpha and the Omega, the First and the Last, the Beginning and the End**. (Revelation 22:13, ULT)

*Alpha and Omega* are the first and last letters of the Greek alphabet. This is a merism that includes everything from the beginning to the end. It means eternal.

“I praise you, Father, Lord of **heaven and earth**...” (Matthew 11:25 ULT)

*Heaven and earth* is a merism that includes everything that exists.

**Reason this is a translation issue**

Some languages do not use merism. The readers of those languages may think that the phrase only applies to the items mentioned. They may not realize that it refers to those two things and everything in between.

**Examples from the Bible**

*From the rising of the sun to its setting*, Yahweh's name should be praised. (Psalm 113:3 ULT)

This underlined phrase is a merism because it speaks of the east and the west and everywhere in between. It means "everywhere".

He will bless those who honor him, both **young and old**. (Psalm 115:13)

The underlined phrase is merism because it speaks of, old people and young people and everyone in between. It means "everyone".

**Translation Strategies**

If the merism would be natural and give the right meaning in your language, consider using it. If not, here are other options:

1. Identify what the merism refers to without mentioning the parts.
2. Identify what the merism refers to and include the parts.

**Examples of Translation Strategies Applied**

(1) Identify what the merism refers to without mentioning the parts.

I praise you, Father, Lord of **heaven and earth**

... (Matthew 11:25 ULT)

I praise you, Father, Lord of **everything**...
From the rising of the sun to its setting

Yahweh's name should be praised. (Psalm 113:3 ULT)

In all places, people should praise Yahweh's name.

(2) Identify what the merism refers to and include the parts.

I praise you, Father, Lord of heaven and earth.

I praise you, Father, Lord of everything, including both what is in heaven and what is on earth.

He will bless those who honor him, both young and old.

He will bless all those who honor him, regardless of whether they are young or old.

**Metaphor**

**Description**

A *metaphor* is a figure of speech in which someone speaks of one thing as if it were a different thing because he wants people to think about how those two things are alike.

For example, someone might say:

- The girl I love is a red rose.

A girl and a rose are very different things, but the speaker considers that they are alike in some way. The hearer's task is to understand in what way they are alike.

**The Parts of a Metaphor**

The example above shows us that a metaphor has three parts. In this metaphor, the speaker is talking about "the girl I love". This is the **Topic**. The speaker wants the hearer to think about what is similar between her and "a red rose." The red rose is the **Image** to which he compares the girl. Most probably, he wants the hearer to consider that they are both **beautiful**. This is the **Idea** that the girl and the rose both share, and so we may also call it the **Point of Comparison**.

Every metaphor has three parts:

- The **Topic**, the item being immediately discussed by the writer/speaker.
- The **Image**, the physical item (object, event, action, etc.) which the speaker uses to describe the topic.
- The **Idea**, the abstract concept or quality that the physical **Image** brings to the mind of the hearer when he thinks of how the **Image** and the **Topic** are similar. Often, the **Idea** of a metaphor is not explicitly stated in the Bible, but it is only implied from the context. The hearer or reader usually needs to think of the **Idea** himself.

Using these terms, we can say that a *metaphor* is a figure of speech that uses a physical **Image** to apply an abstract **Idea** to the speaker's **Topic**.

Usually, a writer or speaker uses a metaphor in order to express something about a **Topic**, with at least one **Point of Comparison (Idea)** between the **Topic** and the **Image**. Often in metaphors, the **Topic** and the **Image** are explicitly stated, but the **Idea** is only implied. The writer/speaker often uses a metaphor in order to invite the readers/listeners to think about the similarity between the **Topic** and the **Image** and to figure out for themselves the **Idea** that is being communicated.

Speakers often use metaphors in order to strengthen their message, to make their language more vivid, to express their feelings better, to say something that is hard to say in any other way, or to help people remember their message.

Sometimes speakers use metaphors that are very common in their language. However, sometimes speakers use metaphors that are uncommon, and even some metaphors that are unique. When a metaphor has become very common in a language, often it becomes a “passive” metaphor, in contrast to uncommon metaphors, which we describe as being "active." Passive metaphors and active metaphors each present a different kind of translation problem, which we will discuss below.

**Passive Metaphors**

A passive metaphor is a metaphor that has been used so much in the language that its speakers no longer regard it as one concept standing for another. Linguists often call these "dead metaphors." Passive metaphors are extremely common. Examples in English include the terms “table **leg**”, “family **tree**”, “book **leaf**” (meaning a page in...
a book), or the word “crane” (meaning a large machine for lifting heavy loads). English speakers simply think of these words as having more than one meaning. Examples of passive metaphors in Biblical Hebrew include using the word “hand” to represent “power,” using the word “face” to represent “presence,” and speaking of emotions or moral qualities as if they were “clothing.”

**Patterned Pairs of Concepts acting as Metaphors**

Many ways of metaphorical speaking depend on pairs of concepts, where one underlying concept frequently stands for a different underlying concept. For example, in English, the direction UP (the Image) often represents the concepts of MORE or BETTER (the Idea). Because of this pair of underlying concepts, we can make sentences such as “The price of gasoline is going up,” “A highly intelligent man,” and also the opposite kind of idea: “The temperature is going down,” and “I am feeling very low.”

Patterned pairs of concepts are constantly used for metaphorical purposes in the world’s languages, because they serve as convenient ways to organize thought. In general, people like to speak of abstract qualities (such as power, presence, emotions, and moral qualities) as if they were body parts, or as if they were objects that could be seen or held, or as if they were events that could be watched as they happened.

When these metaphors are used in normal ways, it is rare that the speaker and audience regard them as figurative speech. Examples of metaphors in English that go unrecognized are:

- “Turn the heat up.” MORE is spoken of as UP.
- “Let us go ahead with our debate.” DOING WHAT WAS PLANNED is spoken of as WALKING or ADVANCING.
- “You defend your theory well.” ARGUMENT is spoken of as WAR.
- “A flow of words” WORDS are spoken of as LIQUIDS.

English speakers do not view these as metaphorical expressions or figures of speech, so it would be wrong to translate them into other languages in a way that would lead people to pay special attention to them as figurative speech. For a description of important patterns of this kind of metaphor in biblical languages, please see Biblical Imagery - Common Patterns and the pages it will direct you to.

When translating something that is a passive metaphor into another language, do not treat it as a metaphor. Instead, just use the best expression for that thing or concept in the target language.

**Active Metaphors**

These are metaphors that people recognize as one concept standing for another concept, or one thing for another thing. They make people think about how the one thing is like the other thing, because in most ways the two things are very different. People also easily recognize these metaphors as giving strength and unusual qualities to the message. For this reason, people pay attention to these metaphors. For example,

> For you who fear my name, the sun of righteousness will rise with healing in its wings.  
> (Malachi 4:2 ULT)

Here God speaks about his salvation as if it were the sun rising in order to shine its rays on the people whom he loves. He also speaks of the sun’s rays as if they were wings. Also, he speaks of these wings as if they were bringing medicine that would heal his people. Here is another example:

> Jesus said, “Go and tell that fox...,” (Luke 13:32 ULT)

Here, “that fox” refers to King Herod. The people listening to Jesus certainly understood that Jesus was intending for them to apply certain characteristics of a fox to Herod. They probably understood that Jesus intended to communicate that Herod was evil, either in a cunning way or as someone who was destructive, murderous, or who took things that did not belong to him, or all of these.

Active metaphors are the metaphors that need special care to translate correctly. To do so, you need to understand the parts of a metaphor and how they work together to produce meaning.
Jesus said to them, “I am the bread of life; he who comes to me will not be hungry, and he who believes in me will never be thirsty.” (John 6:35 ULT)

In this metaphor, Jesus called himself the bread of life. The **Topic** is “I” (meaning Jesus himself) and the **Image** is “bread.” Bread was the primary food that people ate in that place and time. The similarity between bread and Jesus is that people need both to live. Just as people need to eat food in order to have physical life, people need to trust in Jesus in order to have eternal life. The **Idea** of the metaphor is “life.” In this case, Jesus stated the central **Idea** of the metaphor, but often the **Idea** is only implied.

**Purposes of Metaphor**

- One purpose of metaphor is to teach people about something that they do not know (the **Topic**) by showing that it is like something that they already do know (the **Image**).
- Another purpose is to emphasize that something (the **Topic**) has a particular quality (the **Idea**) or to show that it has that quality in an extreme way.
- Another purpose is to lead people to feel the same way about the **Topic** as they would feel about the **Image**.

**Reasons this is a translation issue**

- People may not recognize that something is a metaphor. In other words, they may mistake a metaphor for a literal statement, and thus misunderstand it.
- People may not be familiar with the thing that is used as an image, and so not be able to understand the metaphor.
- If the topic is not stated, people may not know what the topic is.
- People may not know the points of comparison that the speaker wants them to understand. If they fail to think of these points of comparison, they will not understand the metaphor.
- People may think that they understand the metaphor, but they do not. This can happen when they apply points of comparison from their own culture, rather than from the biblical culture.

**Translation Principles**

- Make the meaning of a metaphor as clear to the target audience as it was to the original audience.
- Do not make the meaning of a metaphor more clear to the target audience than you think it was to the original audience.

**Examples from the Bible**

Listen to this word, **you cows of Bashan**, (Amos 4:1 ULT)

In this metaphor Amos speaks to the upper-class women of Samaria (“you”, the **Topic**) as if they were cows (the **Image**). Amos does not say what similarity(s) he intends between these women and cows. He wants the reader to think of them, and he fully expects that readers from his culture will easily do so. From the context, we can see that he means that the women are like cows in that they are fat and interested only in feeding themselves. If we were to apply similarities from a different culture, such as that cows are sacred and should be worshipped, we would get the wrong meaning from this verse.

**NOTE:** Amos does not actually mean that the women are cows. He speaks to them as human beings.

And yet, Yahweh, you are our father; **we are the clay. You are our potter;** and we all are the work of your hand. (Isaiah 64:8 ULT)

The example above has two related metaphors. The **Topic(s)** are “we” and “you,” and the **Image(s)** are “clay” and “potter.” The similarity between a potter and God is the fact that both make what they wish out of their material. The potter makes what he wishes out of the clay, and God makes what he wishes out of his people. The **Idea** being expressed by the comparison between the potter’s clay and “us” is that **neither the clay nor God’s people have a right to complain about what they are becoming.**
Jesus used a metaphor here, but his disciples did not realize it. When he said “yeast,” they thought he was talking about bread, but “yeast” was the Image in his metaphor, and the Topic was the teaching of the Pharisees and Sadducees. Since the disciples (the original audience) did not understand what Jesus meant, it would not be good to state clearly here what Jesus meant.

Translation Strategies

If people would understand the metaphor in the same way that the original readers would have understood it, go ahead and use it. Be sure to test the translation to make sure that people do understand it in the right way.

If people do not or would not understand it, here are some other strategies.

1. If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, it is a passive metaphor), then express the Idea in the simplest way preferred by your language.
2. If the metaphor seems to be an active metaphor, you can translate it literally if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible. If you do this, be sure to test it to make sure that the language community understands it correctly.
3. If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.” See Simile.
4. If the target audience would not know the Image, see Translate Unknowns for ideas on how to translate that image.
5. If the target audience would not use that Image for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.
6. If the target audience would not know what the Topic is, then state the topic clearly. (However, do not do this if the original audience did not know what the Topic was.)
7. If the target audience would not know the intended similarity (the Idea) between the topic and the image, then state it clearly.
8. If none of these strategies is satisfactory, then simply state the Idea plainly without using a metaphor.

Examples of Translation Strategies Applied

(1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, a passive metaphor), then express the Idea in the simplest way preferred by your language.

   Then one of the leaders of the synagogue, named Jairus, came, and when he saw him, fell at his feet. (Mark 5:22 ULT)

   Then one of the leaders of the synagogue, named Jairus, came, and when he saw him, immediately bowed down in front of him.

(2) If the metaphor seems to be an active metaphor, you can translate it literally if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible. If you do this, be sure to test it to make sure that the language community understands it correctly.

   It was because of your hard hearts that he wrote you this law, (Mark 10:5 ULT)

   It was because of your hard hearts that he wrote you this law,
We made no change to this one, but it must be tested to make sure that the target audience correctly understands this metaphor.

(3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.”

> And yet, Yahweh, you are our father; we are the clay. You are our potter; and we all are the work of your hand. (Isaiah 64:8 ULT)

(4) If the target audience would not know the Image, see Translate Unknowns for ideas on how to translate that image.

> Saul, Saul, why do you persecute me? It is hard for you to kick a goad. (Acts 26:14 ULT)

(5) If the target audience would not use that Image for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.

> And yet, Yahweh, you are our father; we are the clay. You are our potter; and we all are the work of your hand. (Isaiah 64:8 ULT)

> “And yet, Yahweh, you are our father; we are the wood. You are our carver; and we all are the work of your hand.”

> “And yet, Yahweh, you are our father; we are the string. You are the weaver; and we all are the work of your hand.”

(6) If the target audience would not know what the Topic is, then state the topic clearly. (However, do not do this if the original audience did not know what the topic was.)

> Yahweh lives; may my rock be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

> Yahweh lives; He is my rock. May he be praised. May the God of my salvation be exalted.

(7) If the target audience would not know the intended similarity between the Topic and the Image, then state it clearly.

> Yahweh lives; may my rock be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

> Yahweh lives; may he be praised because he is the rock under which I can hide from my enemies. May the God of my salvation be exalted.

> Saul, Saul, why do you persecute me? It is hard for you to kick a goad. (Acts 26:14 ULT)

> Saul, Saul, why do you persecute me? You fight against me and hurt yourself like an ox that kicks against its owner’s pointed stick.

(8) If none of these strategies are satisfactory, then simply state the idea plainly without using a metaphor.
I will make you become fishers of men.

(Mark 1:17 ULT)

I will make you become people who gather men.
Now you gather fish. I will make you gather people.

Metonymy

Description

Metonymy is a figure of speech in which an item (either physical or abstract) is called not by its own name, but by the name of something closely associated with it. A metonym is a word or phrase used as a substitute for something that it is associated with.

- and the blood of Jesus his Son cleanses us from all sin. (1 John 1:7 ULT)

The blood represents Christ's death.

- He took the cup in the same way after supper, saying, “This cup is the new covenant in my blood, which is poured out for you. (Luke 22:20 ULT)

The cup represents the wine that is in the cup.

Metonymy can be used

- as a shorter way of referring to something
- to make an abstract idea more meaningful by referring to it with the name of a physical object associated with it

Reason this is a translation issue

The Bible uses metonymy very often. Speakers of some languages are not used to metonymy and they may not recognize it when they read it in the Bible. If they do not recognize the metonymy, they will not understand the passage or, worse yet, they will get a wrong understanding of the passage. Whenever a metonym is used, people need to be able to understand what it represents.

Examples from the Bible

- The Lord God will give him the throne of his father, David. (Luke 1:32 ULT)

A throne represents the authority of a king. “Throne” is a metonym for “kingly authority,” “kingship,” or “reign.” This means that God would make him become a king who would follow King David.

- Immediately his mouth was opened (Luke 1:64 ULT)

The mouth here represents the power to speak. This means that he was able to talk again.

- ...who warned you to flee from the wrath that is coming? (Luke 3:7 ULT)

The word “wrath” or “anger” is a metonym for “punishment.” God was extremely angry with the people, and as a result, he would punish them.

Translation Strategies

If people would easily understand the metonym, consider using it. Otherwise, here are some options.

1. Use the metonym along with the name of the thing it represents.
2. Use only the name of the thing the metonym represents.
Examples of Translation Strategies Applied

(1) Use the metonym along with the name of the thing it represents.

He took the cup in the same way after supper, saying, “This cup is the new covenant in my blood, which is poured out for you. (Luke 22:20 ULT)

“He took the cup in the same way after supper, saying, “The wine in this cup is the new covenant in my blood, which is poured out for you.”

(2) Use the name of the thing the metonym represents.

The Lord God will give him the throne of his father, David. (Luke 1:32 ULT)

“The Lord God will give him the kingly authority of his father, David.”
or:
“The Lord God will make him king like his ancestor, King David.”

who warned you to flee from the wrath to come? (Luke 3:7 ULT)

“who warned you to flee from God’s coming punishment?”

To learn about some common metonymies, see Biblical Imagery - Common Metonymies.

Nominal Adjectives

Description

In some languages an adjective can be used to refer to a class of things that the adjective describes. When it does, it acts like a noun. For example, the word “rich” is an adjective. Here are two sentences that show that “rich” is an adjective.

...The rich man had huge numbers of flocks and herds... (2 Samuel 12:2 ULT)

The adjective “rich” comes before the word “man” and describes “man”.

He will not be rich; his wealth will not last... (Job 15:29 ULT)

The adjective “rich” comes after the verb “be” and describes “He”.

Here is a sentence that shows that “rich” can also function as a noun.

...the rich must not give more than the half shekel, and the poor must not give less. (Exodus 30:15 ULT)

In Exodus 30:15, the word “rich” acts as a noun in the phrase “the rich”, and it refers to rich people. The word “poor” also acts as a noun and refers to poor people.

Reason this is a translation issue

• Many times in the Bible adjectives are used as nouns to describe a group of people.
• Some languages do not use adjectives in this way.
• Readers of these languages may think that the text is talking about one particular person when it is really talking about the group of people whom the adjective describes.

Examples from the Bible

The scepter of wickedness must not rule in the land of the righteous. (Psalms 125:3 ULT)

“The righteous” here are people who are righteous, not one particular righteous person.

Blessed are the meek (Matthew 5:5 ULT)

“The meek” here are all people who are meek, not one particular meek person.

Translation Strategies

If your language uses adjectives as nouns to refer to a class of people, consider using the adjectives in this way. If it would sound strange, or if the meaning would be unclear or wrong, here is another option:

1. Use the adjective with a plural form of the noun that the adjective describes.

Examples of Translation Strategies Applied

(1) Use the adjective with a plural form of the noun that the adjective describes.

The scepter of wickedness must not rule in the land of the righteous

(Psalms 125:3 ULT)
The scepter of wickedness must not rule in the land of righteous people.

Blessed are the meek

... (Matthew 5:5 ULT)

Blessed are people who are meek...

Numbers

Description

There are many numbers in the Bible. They can be written as words (“five”) or as numerals (“5”). Some numbers are very large, such as “two hundred” (200), “twenty-two thousand” (22,000), or “one hundred million” (100,000,000). Some languages do not have words for all of these numbers. Translators need to decide how to translate numbers and whether to write them as words or numerals.

Some numbers are exact and others are rounded.

- Abram was eighty-six years old when Hagar bore Ishmael to Abram. (Genesis 16:16 ULT)

Eighty-six (86) is an exact number.

- That day about three thousand men out of the people died. (Exodus 32:28 ULT)

Here the number three thousand is a round number. It may have been a little more than that or a little less than that. The word “about” shows that it is not an exact number.

Reason this is a translation issue

Some languages do not have words for some of these numbers.

Translation Principles

- Exact numbers should be translated as closely and specifically as they can be.
- Rounded numbers can be translated more generally.

Examples from the Bible

- When Jared had lived 162 years, he became the father of Enoch. After he became the father of Enoch, Jared lived eight hundred years. He became the father of more sons and daughters. Jared lived 962 years, and then he died. (Genesis 5:18-20 ULT)

The numbers 162, eight hundred, and 962 are exact numbers and should be translated with something as close to those numbers as possible.

- Our sister, may you be the mother of thousands of ten thousands (Genesis 24:60 ULT)

This is a rounded number. It does not say exactly how many descendants she should have, but it was a huge number of them.

Translation Strategies

1. Write numbers using numerals.
2. Write numbers using your language's words or the gateway language words for those numbers.
3. Write numbers using words, and put the numerals in parentheses after them.
4. Combine words for large numbers.
5. Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.
Examples of Translation Strategies Applied

We will use the following verse in our examples:

Now, see, at great effort I have prepared for Yahweh's house 100,000 talents of gold, one million talents of silver, and bronze and iron in large quantities. (1 Chronicles 22:14 ULT)

(1) Write numbers using numerals.
I have prepared for Yahweh's house 100,000 talents of gold, 1,000,000 talents of silver, and bronze and iron in large quantities.

(2) Write numbers using your language's words or the gateway language words for those numbers.
I have prepared for Yahweh's house one hundred thousand talents of gold, one million talents of silver, and bronze and iron in large quantities.

(3) Write numbers using words, and put the numerals in parenthesis after them.
I have prepared for Yahweh's house one hundred thousand (100,000) talents of gold, one million (1,000,000) talents of silver, and bronze and iron in large quantities.

(4) Combine words for large numbers.
I have prepared for Yahweh's house one hundred thousand talents of gold, a thousand talents of silver, and bronze and iron in large quantities.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.
I have prepared for Yahweh's house a great amount of gold (100,000 talents), ten times that amount of silver (1,000,000 talents), and bronze and iron in large quantities.

Consistency

Be consistent in your translations. Decide how the numbers will be translated, using numbers or numerals. There are different ways of being consistent.

• Use words to represent numbers all of the time. (You might have very long words.)
• Use numerals to represent numbers all of the time.
• Use words to represent the numbers that your language has words for and use numerals for the numbers that your language does not have words for.
• Use words for low numbers and numerals for high numbers.
• Use words for numbers that require few words and numerals for numbers that require more than a few words.
• Use words to represent numbers, and write the numerals in parentheses after them.

Consistency in the ULT and UST

The unfoldingWord® Literal Text (ULT) and the unfoldingWord® Simplified Text (UST) use words for numbers that have only one or two words (nine, sixteen, three hundred). They use numerals for numbers that have more than two words (the numerals “130” instead of “one hundred thirty”).

When Adam had lived 130 years, he became the father of a son in his own likeness, after his image, and he called his name Seth. After Adam became the father of Seth, he lived eight hundred years. He became the father of more sons and daughters. Adam lived 930 years, and then he died. (Genesis 5:3-5 ULT)

Parallelism

Description

In parallelism two phrases or clauses that are similar in structure or idea are used together. There are different kinds of parallelism. Some of them are the following:

1. The second clause or phrase means the same as the first. This is also called synonymous parallelism.
2. The second clarifies or strengthens the meaning of the first.
3. The second completes what is said in the first.
4. The second says something that contrasts with the first, but adds to the same idea.

Parallelism is most commonly found in Old Testament poetry, such as in the books of Psalms and Proverbs. It also occurs in Greek in the New Testament, both in the four gospels and in the apostles’ letters.

Synonymous parallelism (the kind in which the two phrases mean the same thing) in the poetry of the original languages has several effects:

- It shows that something is very important by saying it more than once and in more than one way.
- It helps the hearer to think more deeply about the idea by saying it in different ways.
- It makes the language more beautiful and above the ordinary way of speaking.

Reason this is a translation issue

Some languages would not use synonymous parallelism. They would either think it odd that someone said the same thing twice, or they would think that the two phrases must have some difference in meaning. For them it is confusing, rather than beautiful.

Note: We use the term “synonymous parallelism” for long phrases or clauses that have the same meaning. We use the term Doublet for words or very short phrases that mean basically the same thing and are used together.

Examples from the Bible

1. **The second clause or phrase means the same as the first.**
   
   Your word is a lamp to my feet and a light for my path. (Psalm 119:105 ULT)
   
   Both parts of the sentence are metaphors saying that God's word teaches people how to live.

   You make him to rule over the works of your hands; you have put all things under his feet (Psalm 8:6 ULT)
   
   Both lines say that God made man the ruler of everything.

2. **The second clarifies or strengthens the meaning of the first.**
   
   The eyes of Yahweh are everywhere, keeping watch over the evil and the good. (Proverbs 15:3 ULT)
   
   The second line tells more specifically what Yahweh watches.

3. **The second completes what is said in the first.**
I lift up my voice to Yahweh, 
and he answers me from his holy hill. (Psalm 3:4 ULT)

The second line tells what Yahweh does in response to what the person does in the first clause.

(4) The second says something that contrasts with the first, but adds to the same idea.

For Yahweh approves of the way of the righteous, 
but the way of the wicked will perish. (Psalm 1:6 ULT)

This contrasts what happens to righteous people with what happens to wicked people.

A gentle answer turns away wrath, 
but a harsh word stirs up anger. (Proverbs 15:1 ULT)

This contrasts what happens when someone gives a gentle answer with what happens when someone says something harsh.

Translation Strategies

For most kinds of parallelism, it is good to translate both of the clauses or phrases. For synonymous parallelism, it is good to translate both clauses if people in your language understand that the purpose of saying something twice is to strengthen a single idea. But if your language does not use parallelism in this way, then consider using one of the following translation strategies.

1. Combine the ideas of both clauses into one.
2. If it appears that the clauses are used together to show that what they say is really true, you could include words that emphasize the truth such as “truly” or “certainly.”
3. If it appears that the clauses are used together to intensify an idea in them, you could use words like “very,” “completely” or “all.”

Examples of Translation Strategies Applied

(1) Combine the ideas of both clauses into one.

Until now you have deceived me and told me lies. (Judges 16:13, ULT) - Delilah expressed this idea twice to emphasize that she was very upset.

“Until now you have deceived me with your lies.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT) - The phrase “all the paths he takes” is a metaphor for “all he does.”

“Yahweh pays attention to everything a person does.”

For Yahweh has a lawsuit with his people, and he will fight in court against Israel. (Micah 6:2 ULT) - This parallelism describes one serious disagreement that Yahweh had with one group of people. If this is unclear, the phrases can be combined:

“For Yahweh has a lawsuit with his people, Israel.”

(2) If it appears that the clauses are used together to show that what they say is really true, you could include words that emphasize the truth such as “truly” or “certainly.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

“Yahweh truly sees everything a person does.”
(3) If it appears that the clauses are used together to intensify an idea in them, you could use words like “very,” “completely” or “all.”

you have deceived me and told me lies. (Judges 16:13 ULT)
   “All you have done is lie to me.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)
   “Yahweh sees absolutely everything that a person does.”

(Next we recommend you learn about:
   Personification)

Personification

Description

Personification is a figure of speech in which someone speaks of something as if it could do things that animals or people can do. People often do this because it makes it easier to talk about things that we cannot see:

Such as wisdom:
- Does not Wisdom call out? (Proverbs 8:1 ULT)

Or sin:
- Sin crouches at the door (Genesis 4:7 ULT)

People also do this because it is sometimes easier to talk about people's relationships with non-human things, such as wealth, as if they were relationships between people.
- You cannot serve God and wealth. (Matthew 6:24 ULT)

In each case, the purpose of the personification is to highlight a certain characteristic of the non-human thing. As in metaphor, the reader needs to think of the way that the thing is like a certain kind of person.

Reasons this is a translation issue

- Some languages do not use personification.
- Some languages use personification only in certain situations.

Examples from the Bible

- You cannot serve God and wealth. (Matthew 6:24 ULT)

Jesus speaks of wealth as if it were a master whom people might serve. Loving money and basing one's decisions on it is like serving it as a slave would serve his master.

- Does not Wisdom call out? Does not Understanding raise her voice? (Proverbs 8:1 ULT)

The author speaks of wisdom and understanding as if they are a woman who calls out to teach people. This means that they are not something hidden, but something obvious that people should pay attention to.

Translation Strategies

If the personification would be understood clearly, consider using it. If it would not be understood, here are some other ways for translating it.

1. Add words or phrases to make the human (or animal) characteristic clear.
2. In addition to Strategy (1), use words such as “like” or “as” to show that the sentence is not to be understood literally.
3. Find a way to translate it without the personification.

Examples of Translation Strategies Applied

(1) Add words or phrases to make the human (or animal) characteristic clear.

...sin crouches
at the door (Genesis 4:7 ULT) - God speaks of sin as if it were a wild animal that is waiting for the chance to attack. This shows how dangerous sin is. An additional phrase can be added to make this danger clear.

...sin is at your door, waiting to attack you

(2) In addition to Strategy (1), use words such as “like” or “as” to show that the sentence is not to be understood literally.

...sin crouches at the door (Genesis 4:7 ULT) - This can be translated with the word “as.”

...sin is crouching at the door, just as a wild animal does waiting to attack a person.

(3) Find a way to translate it without the personification.

...even the winds and the sea obey him

(Matthew 8:27 ULT) - The men speak of the “wind and the sea” as if they are able to hear and obey Jesus, just as people can. This could also be translated without the idea of obedience by speaking of Jesus controlling them.

He even controls the winds and the sea.

NOTE: We have broadened our definition of “personification” to include “zoomorphism” (speaking of other things as if they had animal characteristics) and “anthropomorphism” (speaking of non-human things as if they had human characteristics) because the translation strategies for them are the same.
Reflexive Pronouns

Description

All languages have ways of showing that the same person fills two different roles in a sentence. English does this by using reflexive pronouns. These are pronouns that refer to someone or something that has already been mentioned in a sentence. In English the reflexive pronouns are: "myself", "yourself", "himself", "herself", "itself", "ourselves", "yourselves", and "themselves". Other languages may have other ways to show this.

Reason this is a translation issue

- Languages have different ways of showing that the same person fills two different roles in a sentence. For those languages, translators will need to know how to translate the English reflexive pronouns.
- The reflexive pronouns in English also have other functions.

Uses of Reflexive Pronouns

- To show that the same person or things fills two different roles in a sentence
- To emphasize a person or thing in the sentence
- To show that someone did something alone
- To show that someone or something was alone

Examples from the Bible

Reflexive pronouns are used to show the same person or thing fills two different roles in a sentence.

If I should testify about myself alone, my testimony would not be true. (John 5:31 ULT)

Now the Passover of the Jews was near, and many went up to Jerusalem out of the country before the Passover in order to purify themselves. (John 11:55 ULT)

Reflexive pronouns are used to emphasize a person or thing in the sentence.

Jesus himself was not baptizing, but his disciples were (John 4:2 ULT)

So they left the crowd, taking Jesus with them, since he was already in the boat. Other boats were also with him. And a violent windstorm arose and the waves were breaking into the boat so that the boat was already full. But Jesus himself was in the stern, asleep on a cushion. (Mark 4:36-38 ULT)

Reflexive pronouns are used to show that someone did something alone.

When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again up the mountain by himself. (John 6:15 ULT)

Reflexive pronouns are used to show that someone or something was alone.

He saw the linen cloths lying there and the cloth that had been on his head. It was not lying with the linen cloths but was rolled up in its place by itself. (John 20:6-7 ULT)
Translation Strategies

If a reflexive pronoun would have the same function in your language, consider using it. If not, here are some other strategies.

1. In some languages people put something on the verb to show that the object of the verb is the same as the subject.
2. In some languages people emphasize a certain person or thing by referring to it in a special place in the sentence.
3. In some languages people emphasize a certain person or thing by adding something to that word or putting another word with it.
4. In some languages people show that someone did something alone by using a word like “alone”.
5. In some languages people show that something was alone by using a phrase that tells about where it was.

Examples of Translation Strategies Applied

(1) In some languages people put something on the verb to show that the object of the verb is the same as the subject.

If I should testify about myself alone, my testimony would not be true. (John 5:31)

“If I should self-testify alone, my testimony would not be true.”

Now the Passover of the Jews was near, and many went up to Jerusalem out of the country before the Passover in order to purify themselves. (John 11:55)

“Now the Passover of the Jews was near, and many went up to Jerusalem out of the country before the Passover in order to self-purify.”

(2) In some languages people emphasize a certain person or thing by referring to it in a special place in the sentence.

He himself took our sickness and bore our diseases. (Matthew 8:17 ULT)

“It was he who took our sickness and bore our diseases.”

Jesus himself was not baptizing, but his disciples were. (John 4:2)

“It was not Jesus who was baptizing, but his disciples were.”

(3) In some languages people emphasize a certain person or thing by adding something to that word or putting another word with it. English adds the reflexive pronoun.

Now Jesus said this to test Philip, for he himself knew what he was going to do. (John 6:6)

(4) In some languages people show that someone did something alone by using a word like “alone”.

When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again up the mountain by himself.
“When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again alone up the mountain.”

(5) In some languages people show that something was alone by using a phrase that tells about where it was.

He saw the linen cloths lying there and the cloth that had been on his head. It was not lying with the linen cloths but was rolled up in its place by itself.

“He saw the linen cloths lying there and the cloth that had been on his head. It was not lying with the linen cloths but was rolled up and lying in it's own place.”

Rhetorical Question

A rhetorical question is a question that a speaker asks when he is more interested in expressing his attitude about something than in getting information about it. Speakers use rhetorical questions to express deep emotion or to encourage hearers to think deeply about something. The Bible contains many rhetorical questions, often to express surprise, to rebuke or scold the hearer, or to teach. Speakers of some languages use rhetorical questions for other purposes as well.

Description

A rhetorical question is a question that strongly expresses the speaker's attitude toward something. Often the speaker is not looking for information at all. Or, if he is asking for information, it is not usually the information that the question appears to ask for. The speaker is more interested in expressing his attitude than in getting information.

Those who stood by said, “Is this how you insult God's high priest?” (Acts 23:4 ULT)

The people who asked Paul this question were not asking about his way of insulting God's high priest. Rather they used this question to accuse Paul of insulting the high priest.

The Bible contains many rhetorical questions. These rhetorical questions might be used for the purpose of expressing attitudes or feelings, rebuking people, teaching something by reminding people of something they know and encouraging them to apply it to something new, or introducing something they want to talk about.

Reasons this is a translation issue

- Some languages do not use rhetorical questions; for them a question is always a request for information.
- Some languages use rhetorical questions, but for purposes that are different or more limited than in the Bible.
- Because of these differences between languages, some readers might misunderstand the purpose of a rhetorical question in the Bible.

Examples from the Bible

Do you not still rule the kingdom of Israel? (1 Kings 21:7 ULT)

Jezebel used the question above to remind King Ahab of something he already knew: he still ruled the kingdom of Israel. The rhetorical question made her point more strongly than if she had merely stated it, because it forced Ahab to admit the point himself. She did this in order to rebuke him for being unwilling to take over a poor man's property. She was implying that since he was the king of Israel, he had the power to take the man's property.

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

God used the question above to remind his people of something they already knew: a young woman would never forget her jewelry or a bride forget her veils. He then rebuked his people for forgetting him, who is so much greater than those things.

Why did I not die when I came out from the womb? (Job 3:11 ULT)

Job used the question above to show deep emotion. This rhetorical question expresses how sad he was that he did not die as soon as he was born. He wished that he had not lived.
And why has it happened to me that the mother of my Lord should come to me? (Luke 1:43 ULT)

Elizabeth used the question above to show how surprised and happy she was that the mother of her Lord came to her.

Or what man among you is there who, if his son asks him for a loaf of bread, will give him a stone? (Matthew 7:9 ULT)

Jesus used the question above to remind the people of something they already knew: a good father would never give his son something bad to eat. By introducing this point, Jesus could go on to teach them about God with his next rhetorical question:

Therefore, if you who are evil know how to give good gifts to your children, how much more will your Father from heaven give good things to those who ask him? (Matthew 7:11 ULT)

Jesus used this question to teach the people in an emphatic way that God gives good things to those who ask him.

What is the kingdom of God like, and what can I compare it to? It is like a mustard seed that a man took and threw into his garden... (Luke 13:18-19 ULT)

Jesus used the question above to introduce what he was going to talk about. He was about to compare the kingdom of God to something. In this case, he compared the kingdom of God to a mustard seed.

Translation Strategies

In order to translate a rhetorical question accurately, first be sure that the question you are translating truly is a rhetorical question and is not an information question. Ask yourself, “Does the person asking the question already know the answer to the question?” If so, it is a rhetorical question. Or, if no one answers the question, did the person who asked it expect to receive an answer? If not, it is a rhetorical question.

When you are sure that the question is rhetorical, then be sure that you understand the purpose for the rhetorical question. Is it to encourage or rebuke or shame the hearer? Is it to bring up a new topic? Is it to do something else?

When you know the purpose of the rhetorical question, then think of the most natural way to express that purpose in the target language. It might be as a question, or a statement, or an exclamation.

If using the rhetorical question would be natural and give the right meaning in your language, consider doing so. If not, here are other options:

1. Add the answer after the question.
2. Change the rhetorical question to a statement or exclamation.
3. Change the rhetorical question to a statement, and then follow it with a short question.
4. Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Examples of Translation Strategies Applied

(1) Add the answer after the question.

Will a virgin forget her jewelry, a bride her veils?

Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Will a virgin forget her jewelry, a bride her veils? Of course not! Yet my people have forgotten me for days without number!

Or what man among you is there who, if his son asks him for a loaf of bread, will give him a stone? (Matthew 7:9 ULT)
Or what man among you is there who, if his son asks him for a loaf of bread, will give him a stone? **None of you would do that!**

(2) Change the rhetorical question to a statement or exclamation.

**What is the kingdom of God like, and what can I compare it to?**

**It is like a mustard seed...** (Luke 13:18-19 ULT)

**This is what the kingdom of God is like.** It is like a mustard seed..."

Is this how you insult God's high priest?

(Acts 23:4 ULT)

**You should not insult God's high priest!**

Why did I not die when I came out from the womb?

(Job 3:11 ULT)

**I wish I had died when I came out from the womb!**

And why has it happened to me that the mother of my Lord should come to me?

(Luke 1:43 ULT)

**How wonderful it is that the mother of my Lord has come to me!**

(3) Change the rhetorical question to a statement, and then follow it with a short question.

**Do you not still rule**

the kingdom of Israel? (1 Kings 21:7 ULT)

**You still rule the kingdom of Israel, do you not?**

(4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

**Or what man among you is there who**

, if his son asks him for a loaf of bread, will give him a stone? (Matthew 7:9 ULT)

**If your son asks you for a loaf of bread, would you give him a stone?**

Will a virgin forget her jewelry, a bride her veils

? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

**What virgin would forget her jewelry, and what bride would forget her veils?** Yet my people have forgotten me for days without number

Simile

A simile is an explicit comparison of two things that are not normally thought to be similar. One is said to be “like” the other. It focuses on a particular trait the two items have in common, and it includes the words “like,” “as”, or “than”.

Description

A simile is a comparison of two things that are not normally thought to be similar. It focuses on a particular trait the two items have in common, and it includes the words “like,” “as”, or “than”.

When he saw the crowds, he had compassion for them, because they were worried and confused, because they were like sheep without a shepherd. (Matthew 9:36)

Jesus compared the crowds of people to sheep without a shepherd. Sheep grow frightened when they do not have a good shepherd to lead them in safe places. The crowds were like that because they did not have good religious leaders.

See, I send you out as sheep in the midst of wolves, so be as wise as serpents and harmless as doves. (Matthew 10:16 ULT)

Jesus compared his disciples to sheep and their enemies to wolves. Wolves attack sheep. Jesus’ enemies would attack his disciples.

For the word of God is living and active and sharper than any two-edged sword. (Hebrews 4:12 ULT)

God’s word is compared to a two-edged sword. A two-edged sword is a weapon that can easily cut through a person’s flesh. God’s word is very effective in showing what is in a person’s heart and thoughts.

Purposes of Simile

• A simile can teach about something that is unknown by showing how it is similar to something that is known.
• A simile can emphasize a particular trait, sometimes in a way that gets people’s attention.
• Similes help form a picture in the mind or help the reader experience what he is reading about more fully.

Reasons this is a translation issue

• People may not know how the two items are similar.
• People may not be familiar with the item that something is compared to.

Examples from the Bible

Suffer hardship with me, as a good soldier of Christ Jesus. (2 Timothy 2:3 ULT)

In this simile, Paul compares suffering with what soldiers endure, and he encourages Timothy to follow their example.

for as the lightning appears when it flashes from one part of the sky to another part of the sky, so will the Son of Man be in his day. (Luke 17:24 ULT)

This verse does not tell how the Son of Man will be like the lightning. But from the context we can understand from the verses before it that just as lightning flashes suddenly and everyone can see it, the Son of Man will come suddenly and everyone will be able to see him. No one will have to be told about it.
Translation Strategies

If people would understand the correct meaning of a simile, consider using it. If they would not, here are some strategies you can use:

1. If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.
2. If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.
3. Simply describe the item without comparing it to another.

Examples of Translation Strategies Applied

(1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.

See, I send you out as sheep in the midst of wolves
(Matthew 10:16 ULT) - This compares the danger that Jesus’ disciples would be in with the danger that sheep are in when they are surrounded by wolves.

See, I send you out among wicked people and you will be in danger from them as sheep are in danger when they are among wolves.

For the word of God is living and active and sharper than any two-edged sword
(Hebrews 4:12 ULT)

For the word of God is living and active and more powerful than a very sharp two-edged sword

(2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.

See, I send you out as sheep in the midst of wolves
(Matthew 10:16 ULT) - If people do not know what sheep and wolves are, or that wolves kill and eat sheep, you could use some other animal that kills another.

See, I send you out as chickens in the midst of wild dogs,

How often did I long to gather your children together, just as a hen gathers her chickens under her wings, but you did not agree! (Matthew 23:37 ULT)

How often I wanted to gather your children together, as a mother closely watches over her infants, but you refused!

If you have faith even as small as a grain of mustard
(Matthew 17:20)

If you have faith even as small as a tiny seed,

(3) Simply describe the item without comparing it to another.

See, I send you out as sheep in the midst of wolves
(Matthew 10:16 ULT)
See, I send you out among *people who will want to harm you*.

*How often did I long to gather your children together, just* as a hen gathers her chickens under her wings, but you did not agree! (Matthew 23:37 ULT)

*How often I wanted to protect you,* but you refused!

Symbolic Action

Description

A symbolic action is something that someone does in order to express a certain idea. For example, in some cultures people nod their head up and down to mean "Yes" or turn their head from side to side to mean "No". Symbolic actions do not mean the same things in all cultures. In the Bible, sometimes people perform symbolic actions and sometimes they only refer to the symbolic action.

Examples of symbolic actions

- In some cultures people shake hands when they meet to show that they are willing to be friendly.
- In some cultures people bow when they meet to show respect to each other.

Reason this is a translation issue

An action may have a meaning in one culture, and a different meaning or no meaning at all in another culture. For example, in some cultures raising the eyebrows means “I am surprised” or “What did you say?” In others cultures it means “Yes”.

In the Bible people did things that had certain meanings in their culture. When we read the Bible we might not understand what someone meant if we interpret the action based on what it means in our own culture.

You (the translator) need to understand what people in the Bible meant when they used symbolic actions. If an action does not mean the same thing in your own culture, then you need to figure out how to translate what the action meant.

Examples from the Bible

Jairus fell down at Jesus’ feet. (Luke 8:41 ULT)

Meaning of symbolic action: He did this to show great respect to Jesus.

Look, I stand at the door and knock. If anyone hears my voice and opens the door, I will come in to his home, and have a meal with him, and he with me. (Revelation 3:20 ULT)

Meaning of symbolic action: When people wanted someone to welcome them into their home, they stood at the door and knocked on it.

Translation Strategies

If people would correctly understand what a symbolic action meant to the people in the Bible, consider using it. If not, here are some strategies for translating it.

1. Tell what the person did and why he did it.
2. Do not tell what the person did, but tell what he meant.
3. Use an action from your own culture that has the same meaning. Do this only in poetry, parables, and sermons. Do not do this when there actually was a person who did a specific action.

Examples of Translation Strategies Applied

(1) Tell what the person did and why he did it.
Jairus fell down at Jesus’ feet. (Luke 8:41 ULT)

Jairus fell down at Jesus’ feet in order to show that he greatly respected him.

Look, I stand at the door and knock. (Revelation 3:20 ULT)

Look, I stand at the door and knock on it, asking you to let me in.

(2) Do not tell what the person did, but tell what he meant.

Jairus fell down at Jesus’ feet. (Luke 8:41)

Jairus showed Jesus great respect.

Look, I stand at the door and knock. (Revelation 3:20)

Look, I stand at the door and ask you to let me in.

(3) Use an action from your own culture that has the same meaning.

Jairus fell down at Jesus’ feet. (Luke 8:41 ULT) - Since Jairus actually did this, you should not substitute an action from your own culture.

Look, I stand at the door and knock. (Revelation 3:20 ULT) - Jesus was not standing at a real door. Rather he was speaking about wanting to have a relationship with people. So in cultures where it is polite to clear one’s throat when wanting to be let into a house, you could use that.

Look, I stand at the door and clear my throat.

**Synecdoche**

**Description**

Synecdoche is a figure of speech in which a speaker uses a part of something to refer to the whole thing, or uses the whole to refer to a part.

- **My soul** exalts the Lord. (Luke 1:46 ULT)
- **the Pharisees** said to him, “Look, why are they doing something that is not lawful...?” (Mark 2:24 ULT)

Mary was very happy about what the Lord was doing, so she said “my soul,” which means the inner, emotional part of herself, to refer to her whole self.

The Pharisees who were standing there did not all say the same words at the same time. Instead, it is more likely that one man representing the group said those words.

**Reasons this is a translation issue**

- Some readers may not recognize the synecdoche and thus misunderstand the words as a literal statement.
- Some readers may realize that they are not to understand the words literally, but they may not know what the meaning is.

**Example from the Bible**

- I looked on all the deeds that **my hands** had accomplished (Ecclesiastes 2:11 ULT)

“My hands” is a synecdoche for the whole person, because clearly the arms and the rest of the body and the mind were also involved in the person’s accomplishments. The hands are chosen to represent the person because they are the parts of the body most directly involved in the work.

**Translation Strategies**

If the synecdoche would be natural and give the right meaning in your language, consider using it. If not, here is another option:

1. State specifically what the synecdoche refers to.

**Examples of Translation Strategies Applied**

(1) State specifically what the synecdoche refers to.

- “My soul exalts the Lord.” (Luke 1:46 ULT)
- “I exalt the Lord.”
- ...the Pharisees
- ...said to him (Mark 2:24 ULT)
- ...a representative of the Pharisees said to him...
- ...I looked on all the deeds that my hands
had accomplished... (Ecclesiastes 2:11 ULT)

I looked on all the deeds that I had accomplished

Translate Unknowns

While working to translate the Bible, you (the translator) might find yourself asking: "How do I translate words like lion, fig tree, mountain, priest, or temple when people in my culture have never seen these things and we do not have a word for them?"

**Description**

Unknowns are things that occur in the source text that are not known to the people of your culture. The unfoldingWord® Translation Words pages and the unfoldingWord® Translation Notes will help you understand what they are. After you understand them, you will need to find ways to refer to those things so that people who read your translation will understand what they are.

We have here only five loaves of bread and two fish (Matthew 14:17 ULT)

Bread is a particular food made by mixing finely crushed grains with oil, and then cooking the mixture so that it is dry. (Grains are the seeds of a kind of grass.) In some cultures people do not have bread and do not know what it is.

**Reason this is a translation issue**

- Readers may not know some of the things that are in the Bible because those things are not part of their own culture.
- Readers may have difficulty understanding a text if they do not know some of the things that are mentioned in it.

**Translation Principles**

- Use words that are already part of your language if possible.
- Keep expressions short if possible.
- Represent God's commands and historical facts accurately.

**Examples from the Bible**

I will turn Jerusalem into piles of ruins, a hideout for jackals (Jeremiah 9:11 ULT)

Jackals are wild animals like dogs that live in only a few parts of the world. So they are not known in many places.

Beware of false prophets, those who come to you in sheep's clothing, but are truly ravenous wolves. (Matthew 7:15 ULT)

If wolves do not live where the translation will be read, the readers may not understand that they are fierce, wild animals like dogs that attack and eat sheep.

Then they tried to give Jesus wine that was mixed with myrrh. But he refused to drink it. (Mark 15:23 ULT)

People may not know what myrrh is and that it was used as a medicine.

to him who made great lights (Psalm 136:7 ULT)

Some languages have terms for things that give light, like the sun and fire, but they have no general term for lights.

your sins...will be white like snow (Isaiah 1:18 ULT)
People in many parts of the world have not seen snow, but they may have seen it in pictures.

**Translation Strategies**

Here are ways you might translate a term that is not known in your language:

1. Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.
2. Substitute something similar from your language if doing so does not falsely represent a historical fact.
3. Copy the word from another language, and add a general word or descriptive phrase to help people understand it.
4. Use a word that is more general in meaning.
5. Use a word or phrase that is more specific in meaning.

**Examples of Translation Strategies Applied**

(1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.

- Beware of false prophets, those who come to you in sheep's clothing, but are truly ravenous wolves

  (Matthew 7:15 ULT)

- Beware of false prophets, those who come to you in sheep's clothing, but are truly hungry and dangerous animals.

  “Ravenous wolves” is part of a metaphor here, so the reader needs to know that they are very dangerous to sheep in order to understand this metaphor. (If sheep are also unknown, then you will need to also use one of the translation strategies to translate sheep, or change the metaphor to something else, using a translation strategy for metaphors. See Translating Metaphors.)

  We have here only five loaves of bread

  and two fish (Matthew 14:17 ULT)

  We have here only five loaves of baked grain seeds and two fish

(2) Substitute something similar from your language if doing so does not falsely represent a historical fact.

- Your sins...will be white like snow

  (Isaiah 1:18 ULT) This verse is not about snow. It uses snow in a figure of speech to help people understand how white something will be.

  Your sins...will be white like milk your sins...will be white like the moon

(3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.

- Then they tried to give Jesus wine that was mixed with myrrh

  But he refused to drink it. (Mark 15:23 ULT) - People may understand better what myrrh is if it is used with the general word “medicine.”

  Then they tried to give Jesus wine that was mixed with a medicine called myrrh. But he refused to drink it.

  We have here only five loaves of bread
and two fish (Matthew 14:17 ULT) - People may understand better what bread is if it is used with a phrase that tells what it is made of (seeds) and how it is prepared (crushed and baked).

- We have here only five loaves of **baked crushed seed bread** and two fish

(4) Use a word that is more general in meaning.

- *I will turn Jerusalem into piles of ruins, a hideout for* jackals

(Jeremiah 9:11 ULT)

- I will turn Jerusalem into piles of ruins, a hideout for **wild dogs**

We have here only **five** loaves of bread and two fish (Matthew 14:17 ULT)

- We have here only five **loaves of baked food** and two fish

(5) Use a word or phrase that is more specific in meaning.

- *to him who made* great lights

(Psalm 136:7 ULT)

- to him who made **the sun and the moon**

When Masculine Words Include Women

In the Bible, sometimes the words “men”, “brothers” and “sons” refer only to men. At other times, those words include both men and women. In those places where the writer meant both men and women, you (the translator) need to translate it in a way that does not limit the meaning to men.

Description

In some languages a word that normally refers to men can also be used in a more general way to refer to both men and women. For example, the Bible sometimes says ‘brothers’ when it refers to both brothers and sisters.

Also in some languages, the masculine pronouns “he” and “him” can be used in a more general way for any person if it is not important whether the person is a man or a woman. In the example below, the pronoun is “his”, but it is not limited to males.

A wise child makes his father rejoice but a foolish child brings grief to his mother. (Proverbs 10:1 ULT)

Reason this is a translation issue

- In some cultures words like “man,” “brother,” and “son” can only be used to refer to men. If those words are used in a translation in a more general way, people will think that what is being said does not apply to women.
- In some cultures, the masculine pronouns “he” and “him” can only refer to men. If a masculine pronoun is used, people will think that what is said does not apply to women.

Translation Principles

When a statement applies to both men and women, translate it in such a way that people will be able to understand that it applies to both.

Examples from the Bible

We want you to know, brothers, about the grace of God that has been given to the churches of Macedonia. (2 Corinthians 8:1 ULT)

This verse is addressing the believers in Corinth, not only men, but men and women.

Then said Jesus to his disciples, “If anyone wants to follow me, he must deny himself, take up his cross, and follow me.” (Matthew 16:24-26 ULT)

Jesus was not speaking only of men, but of men and women.

Caution: Sometimes masculine words are used specifically to refer to men. Do not use words that would lead people to think that they include women. The underlined words below are specifically about men.

Moses said, ‘If a man dies, having no children, his brother must marry his wife and have a child for his brother.’ (Mark 22:24 ULT)
Translation Strategies

If people would understand that that masculine words like “man,” “brother,” and “he” can include women, then consider using them. Otherwise, here are some ways for translating those words when they include women.

1. Use a noun that can be used for both men and women.
2. Use a word that refers to men and a word that refers to women.
3. Use pronouns that can be used for both men and women.

Examples of Translation Strategies Applied

(1) Use nouns that can be used for both men and women.

| The wise man 

dies just like the fool dies. (Ecclesiastes 2:16 ULT)  

| “The wise person dies just like the fool dies.”
| “Wise people die just like fools die.”

(2) Use a word that refers to men and a word that refers to women.

| For we do not want you to be ignorant, brothers and sisters 

, about the troubles we had in Asia. (2 Corinthians 1:8) - Paul was writing this letter to both men and women.

| “For we do not want you to be ignorant, brothers and sisters, about the troubles we had in Asia.” (2 Corinthians 1:8)

(3) Use pronouns that can be used for both men and women.

| If anyone wants to follow me, he must deny himself, take up his cross, and follow me.”
(Matthew 16:24 ULT) - English speakers can change the masculine singular pronouns, “he,” “himself,” and “his” to plural pronouns that do not mark gender, “they,” “themselves,” and “their” in order to show that it applies to all people, not just men.

| “If people want to follow me, they must deny themselves, take up their cross, and follow me.”

bread

Definition:

Bread is a food made from flour mixed with water and oil to form a dough. The dough is then shaped into a loaf and baked.

- When the term “loaf” occurs by itself, it means “loaf of bread.”
- Bread dough is usually made with something that makes it rise, such as yeast. However, bread can also be made without yeast so that it does not rise. This is called “unleavened bread” in the Bible. The ancient Israelites ate “unleavened bread” during the Passover meal.
- Since bread was the main food for many people in biblical times, this term is also used in the Bible to refer to food in general. (See: Synecdoche) Many times the term “bread” can be translated more generally as “food.”
- The phrase “bread of the presence” refers to twelve loaves of bread that were placed on a golden table in the tabernacle or temple building as a sacrifice to God. These loaves represented the twelve tribes of Israel and were only for the priests to eat. This could be translated as “bread showing that God lived among them.”
- The term “bread from heaven” refers to the special white food called “manna” that God provided for the Israelites when they were wandering through the desert. Jesus also called himself the “bread that came down from heaven” and the “bread of life.”

brother

Definition:

The term “brother” refers to a male sibling who shares at least one biological parent.

- In the Old Testament, the term “brothers” is also used as a general reference to relatives or associates, such as members of the same tribe, clan, occupation, or people group. When used in this way, the term can refer to both men and women.
- In the New Testament, the apostles often use the term “brothers” to refer to fellow Christians, including both men and women.
- A few times in the New Testament, the apostles used the term “sister” when referring specifically to a fellow Christian who was a woman, or to emphasize that both men and women are being included. For example, James emphasizes that he is talking about all believers when he refers to “a brother or sister who is in need of food or clothing.”

Translation Suggestions:

- It is best to translate this term with the literal word that is used in the target language to refer to a natural or biological brother, unless this would give wrong meaning.
- In the Old Testament especially, when “brothers” is used very generally to refer to members of the same family, clan, or people group, possible translations could include “relatives” or “clan members” or “fellow Israelites.”
- In the context of referring to a fellow believer in Christ, this term could be translated as “brother in Christ” or “spiritual brother.”
- If both males and females are being referred to and “brother” would give a wrong meaning, then a more general kinship term could be used that would include both males and females.
- Other ways to translate this term so that it refers to both male and female believers could be “fellow believers” or “Christian brothers and sisters.”
- Make sure to check the context to determine whether only men are being referred to, or whether both men and women are included.

God

Definition:
In the Bible, the term “God” refers to the eternal being who created the universe out of nothing. God exists as Father, Son, and Holy Spirit. God’s personal name is “Yahweh.”

- God has always existed; he existed before anything else existed, and he will continue to exist forever.
- He is the only true God and has authority over everything in the universe.
- God is perfectly righteous, infinitely wise, holy, sinless, just, merciful, and loving.
- He is a covenant-keeping God, who always fulfills his promises.
- People were created to worship God and he is the only one they should worship.
- God revealed his name as “Yahweh,” which means “he is” or “I am” or “the One who (always) exists.”
- The Bible also teaches about false “gods,” which are nonliving idols that people wrongly worship.

Translation Suggestions:

- Ways to translate “God” could include “Deity” or “Creator” or “Supreme Being” or “Supreme Creator” or “Infinite Sovereign Lord” or “Eternal Supreme Being.”
- Consider how God is referred to in a local or national language. There may also already be a word for “God” in the language being translated. If so, it is important to make sure that this word fits the characteristics of the one true God as described above.
- Many languages capitalize the first letter of the word for the one true God, to distinguish it from the word for a false god. Another way to make this distinction would be to use different terms for “God” and “god.”
  NOTE: In the biblical text, when a person who does not worship Yahweh speaks about Yahweh and uses the word “god,” it is acceptable to render the term without a capital letter in reference to Yahweh (see Jonah 1:6, 3:9).
- The phrase “I will be their God and they will be my people” could also be translated as “I, God, will rule over these people and they will worship me.”

**love, beloved**

**Definition:**

To love another person is to care for that person and do things that will benefit him. There are different meanings for "love" some languages may express using different words:

1. The kind of love that comes from God is focused on the good of others even when it doesn't benefit oneself. This kind of love cares for others, no matter what they do. God himself is love and is the source of true love.
   - Jesus showed this kind of love by sacrificing his life in order to rescue us from sin and death. He also taught his followers to love others sacrificially.
   - When people love others with this kind of love, they act in ways that show they are thinking of what will cause the others to thrive. This kind of love especially includes forgiving others.
   - In the ULT, the word "love" refers to this kind of sacrificial love, unless a Translation Note indicates a different meaning.

2. Another word in the New Testament refers to brotherly love, or love for a friend or family member.
   - This term refers to natural human love between friends or relatives.
   - The term can also be used in such contexts as, “They love to sit in the most important seats at a banquet.” This means that they “like very much” or “greatly desire” to do that.

3. The word “love” can also refer to romantic love between a man and a woman.

**Translation Suggestions:**

- Unless indicated otherwise in a Translation Note, the word "love" in the ULT refers to the kind of sacrificial love that comes from God.
- Some languages may have a special word for the kind of unselfish, sacrificial love that God has. Ways to translate this might include, “devoted, faithful caring” or “care for unselfishly” or "love from God." Make sure that the word used to translate God's love can include giving up one's own interests to benefit others and loving others no matter what they do.
- Sometimes the English word "love" describes the deep caring that people have for friends and family members. Some languages might translate this with a word or phrase that means, “like very much” or “care for” or “have strong affection for.”
- In contexts where the word "love" is used to express a strong preference for something, this could be translated by "strongly prefer" or “like very much” or “greatly desire.”
- Some languages may also have a separate word that refers to romantic or sexual love between a husband and wife.
- Many languages must express "love" as an action. So for example, they might translate “love is patient, love is kind” as, “when a person loves someone, he is patient with him and kind to him.”

seed, semen

Definition:
A "seed" is the part of a plant that gets planted in the ground to reproduce more of the same kind of plant. However, in the Bible the term "seed" is used figuratively to mean several different things.

- The term "seed" is used figuratively and euphemistically to refer to the tiny cells inside a man that combine with cells of a woman to cause a baby to grow inside her. A collection of these cells is called "semen."
- Related to this, "seed" is also used to refer to a person's offspring or descendants.
- This word often has a plural meaning, referring to more than one seed grain or more than one descendant.
- In the parable of the farmer planting seeds, Jesus compared his seeds to the Word of God, which is planted in people's hearts in order to produce good spiritual fruit.
- The apostle Paul also uses the term "seed" to refer to the Word of God.

Translation Suggestions:

- For a literal seed, it is best to use the literal term for "seed" that is used in the target language for what a farmer plants in his field.
- The literal term should also be used in contexts where it refers figuratively to God's Word.
- For the figurative use that refers to people who are of the same family line, it may be more clear to use the word "descendant" or "descendants" instead of "seed." Some languages may have a word that means "children and grandchildren."
- For a man or woman's "seed," consider how the target expresses this in a way that will not offend or embarrass people. (See: euphemism)

servant, serve, slave, worker, young man, young women

Definition:

The term “serve” generally means to do work, and the concept can be applied in a wide variety of contexts. The term refers to a person who works for (or obeys) another person, either by choice or by force. In the Bible, any of the following people might be called a "servant:" a slave, a young female worker, a young male worker, someone who obeys God, and others. In biblical times, there was less of a difference between a "servant" and a "slave" than there is today. Both servants and slaves were an important part of a household, and many servants were treated almost like members of the family. Sometimes a servant would choose to become a lifetime servant to his master.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his “owner” or “master.” Some masters treated their slaves very cruelly, while other masters treated their slaves very well, as a servant who was a valued member of the household.
- In ancient times, some people willingly became slaves to a person they owed money to in order to pay off their debt to that person.
- In the context of a person serving guests, this term means “care for” or “serve food to” or “provide food for.” When Jesus told the disciples to “serve” the fish to the people, this could be translated as, “distribute” or “hand out” or “give.”
- In the Bible, the phrase “I am your servant” was used as a sign of respect and service to a person of higher rank, such as a king. It did not mean that the person speaking was an actual servant.
- The term “serve” can also be translated as “minister to” or “work for” or “take care of” or “obey,” depending on the context.
- In the Old Testament, God's prophets and other people who worshiped God were often referred to as his “servants.”
- To “serve God” can be translated as to “worship and obey God” or to “do the work that God has commanded.”
- In the New Testament, people who obeyed God through faith in Christ were often called his “servants.”
- To “serve tables” means to bring food to people who are sitting at tables, or more generally, to “distribute food.”
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to “serve” the old covenant. This refers to obeying the laws of Moses. Now they “serve” the new covenant. That is, because of Jesus’ sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.
- Paul talks about their actions in terms of their “service” to either the old or new covenant. This could be translated as “serving” or “obeying” or “devotion to.”

wine, wineskin, new wine

Definition:

In the Bible, the term “wine” refers to a kind of fermented drink made from the juice of a fruit called grapes. Wine was stored in “wineskins,” which were containers made out of animal skin.

- The term "new wine" referred to grape juice that had just been taken from the grape and was not fermented yet. Sometimes the term “wine” also referred to unfermented grape juice.
- To make wine, grapes are crushed in a winepress so that the juice comes out. The juice eventually ferments and alcohol forms in it.
- In Bible times, wine was the normal drink with meals. It did not have as much alcohol as present-day wine has.
- Before wine was served for a meal, it was often mixed with water.
- A wineskin that was old and brittle would get cracks in it, which allowed the wine to leak out. New wineskins were soft and flexible, which meant they did not tear easily and could store the wine safely.
- If wine is unknown in your culture, it could be translated as “fermented grape juice” or “fermented drink made from a fruit called grapes” or “fermented fruit juice.” (See: How to Translate Unknowns)
- Ways to translate “wineskin” could include “bag for wine” or “animal skin wine bag” or “animal skin container for wine.”

wise men, advisor

Definition:

The term "wise men" simply means people who are wise. In the Bible, however, the term "wise men" often refers to men with unusual knowledge and abilities who served in a king's royal court as advisors to the king or other high officials.

Old Testament

- Sometimes the term "wise men" is explained in the text as "prudent men" or "men with understanding." This refers to men who act wisely and righteously because they obey God.
- The "wise men" who served pharaohs or other kings were often scholars who studied the stars, especially looking for special meanings for the patterns that the stars made in their positions in the sky. Sometimes "wise men" also practiced divination of performed acts of magic, probably by the power of evil spirits.
- Often wise men were expected to explain the meanings of dreams. For example, King Nebuchadnezzar demanded that his wise men describe his dreams and tell him what they meant, but none of them was able to do this, except Daniel who had received this knowledge from God.

New Testament

- The group of men who came from eastern regions to worship Jesus were called "magi," which is often translated as "wise men," since this probably refers to scholars who served a ruler of an eastern country.

Translation Suggestions:

- Depending on the context, the term "wise men" could be translated using the term "wise" or with a phrase such as "gifted men" or "educated men" or some other term that refers to men who have an important job working for a ruler.
- When the term "wise men" simply means people who are wise, the word "wise" should be translated in the same or similar way to how it is translated elsewhere in the Bible.
